### Fifteen Hundred Children Honor Queen's Memory

Colorful Ceremony in Parliament Square Opens May 24  
Celebrations; Crowning of May Queen Takes Place  
at Armories To-night; Parade, Fireworks and Com-  
munity Frolic Are Thursday Features.

Presenting a striking scene of color and animation, over 1,500 school children of Victoria this morning joined the Parliament Building steps at a memorial service in the memory of Queen Victoria. The Victoria Day celebrations were ushered in by this ceremony which is an annual one arranged by the Municipal Chapter of the Imperial Order of the Daughters of the Empire in co-operation with George Deane, municipal inspector of schools.

This afternoon and evening the children will have a further part in the celebrations, the school sports being scheduled at the Willows, Oak Bay and Saanich. To-night at the Armories the coronation of Miss Marguerite Jeeves as Queen of the May will take place.

#### MASS SINGING

Massed singing by the children featured the ceremony at the Parliament Buildings, led by P. Waddington, "O Canada," "O God Our Help in Ages Past," "Land of Hope and Glory" and "Land of Our Birth" were rendered. 1,500 throats swelling into a grand chorus. The Victoria Boys' Band, under G. H. E. Green, accompanied the singing.

At the four corners of the Queen Victoria monument stood standard-bearers of the Sea Cadets, Boy Scouts, Girl Guides and the I.O.D.E., while the Girl Guides and Boy Scouts formed a guard around the monument.

#### FLOWERS PLACED

Following the singing and the offering of a short prayer by Bishop Schofield, the standard-bearers of the sixteen different I.O.D.E. chapters marched from the Parliament steps to the monument where a beautiful wreath of panies with red roses and white flowers was laid by Mrs. Curtis Sampson, Provincial Regent of the organization, on behalf of the Municipal Chapter.

This wreath was made by Miss Pooley.

### No Word From Alaska Planes

Seward, Alaska, May 23.—If Captain Jack Robertson of Fox Film Company, and his two pilots, who have not been heard from since they flew on May 11 from Wiseman toward Point Barrow with two planes, have not returned by Sunday, friends here will urge the dispatching of a relief expedition to investigate.

There is no radio communication between Seward and Point Barrow. Navigation will be closed for several weeks and overland travel is almost impossible. The planes were equipped with wheels, not skis, and it is thought possible a mishap may have occurred when they landed in soft snow at Point Barrow.

Pilots Russell H. Merrill and Noel Wein, who made the trip with Robertson, are both veteran Alaskans.

### 232 MEN KILLED IN U.S. MINES

Disasters in Pennsylvania and Three Other States in Four Days

Pittsburgh, Pa., May 23.—Indications were to-day that 232 workers had lost their lives in four mine accidents in the United States since Saturday, as follows:  
Mather, Pa., coal mine explosion—104 known dead; thirty-three missing.  
Yukon, W.Va., coal mine explosion—Thirteen known dead; four missing.  
Harlan, Ky., coal mine explosion—Seven dead; seven missing.

School children and school floats will assemble at the Boys' Central School.

Judging of the floats will take place before the parade starts and award cards will be distributed for display during its progress. All entries must proceed up Port Street or Pandora Avenue and along Fernwood Road to Yates Street to receive instructions regarding their positions for judging.

### PREMIER PLANS INTERIOR TOUR

Will Attend Four Liberal Conventions on Mainland in Next Week

Premier MacLean will make a short tour through the interior next week to attend Liberal nominating conventions and deliver political addresses. After attending the Liberal convention in New Westminster Friday, and a similar meeting in Dewdney on Saturday, he will go to Prince George on the following Monday for the convention of Port George Liberals. On the Wednesday following he will attend the Kamloops Liberal convention before returning to the coast. In New Westminster, Kamloops and Prince George, W. A. Gray, J. R. Colley and H. G. Perry, the sitting Liberal members, will be renominated respectively. It is expected, but there is some doubt here about the choice of a nominee in Dewdney. David Whiteside, former member of the Legislature for New Westminster, will be a candidate for the Dewdney nomination. It is understood here.

South African Flag Events

London, May 23 (Canadian Press Cable).—A place of the usual celebration of Union Day in South Africa, May 31, there will be a special ceremony at Capetown, where the Union Jack and the new South African flag will be simultaneously unfurled for the first time.

A similar ceremony will be held at South Africa House, London, the residence of the South African High Commissioner in London. Prince Arthur of Connaught, a former Governor-General of South Africa, will represent King George at the London ceremony as the King wishes in this way to show his appreciation of the South African Government's desire that the date should be regarded as of historical importance.

No Times To-morrow

There will be no issue of The Times to-morrow, as the staff, in common with the citizens throughout Canada, will observe Victoria Day as a holiday.

### PROSPECTS OF BERRY CROPS NOT SO GOOD

Unfavorable Conditions Reported Now; First Strawberries Ready

Conditions in the strawberry industry of Vancouver Island and the Gulf Islands are not as promising now as they were a month or six weeks ago, according to the first fruit crop report issued by the Provincial Department of Agriculture to-day.

Weather conditions and the weevil pest have combined to reduce the crop prospects, says the report, which adds that it is too early yet to make definite predictions on the probable berry output. First strawberries should be on the market during the next few days, it is stated.

Conditions generally in the fruit industry of the Island are summarized by the department as follows: "Conditions at the present time are not as promising as they were a month or six weeks ago. The continued wet weather during April interfered very materially with cultivation and the cleaning up of the plantations."

### POOLEY'S WAGE STORY DENIED BY MINISTER

Road Workers' Pay Raised But Without Regard to Party Politics

Increases Based on Local Conditions, Public Works Minister States

In charging that the Provincial Government has raised road workers' wages in Liberal ridings of British Columbia and not in Conservative ridings, R. H. Pooley, Conservative House Leader, flagrantly misrepresented the facts in his Metchoin speech last night, Hon. W. H. Sutherland, Minister of Public Works, declared to-day.

Road workers' wages have been raised generally all over the Province, according to local conditions, but absolutely without regard to political considerations, Dr. Sutherland said.

NO POLITICS

"There is absolutely no truth in the statement that political considerations affected the increases in pay granted to men working on the roads," Dr. Sutherland said. "Wages have been raised generally because the Government believed the workers were entitled to this increase in line with the salary increases given to all civil servants in the last few years."

"The increases were granted entirely according to local conditions. That is, where wages generally are high, as in outlying districts like Ailish, we have made the wages higher than in districts where wages generally are low. This is necessary because we could not get men at wages much lower than those paid in private enterprise. Again, we also took into consideration the cost of living in all districts in fixing the new rates."

On May 11 General Noble made his first attempt to penetrate into Polar regions in the Italia, but returned to King's Bay after seven hours because of bad weather conditions.

On May 18 he started a flight to Lenin Land and back to King's Bay and returned on May 18 after a flight of sixty-eight hours without seeing any new land.

### AWARD CONTRACTS FOR NEW HOMES

Residence Costing \$12,500 to Be Built For A. B. Cotton on Terrace Avenue

A contract has been awarded to E. T. Day for the construction of a \$12,500 residence for A. B. Cotton on Terrace Avenue. It was announced to-day by Architect P. Leonard James, designer of the building.

Of frame and stucco construction the new home will be two stories high, containing ten rooms and garage, with a total floor space of \$4,330 square feet. Work has been started on a large residence on Beach Drive for C. Parker from plans prepared by Architect Sam MacLure.

Hunter and Hallett are the general contractors.

Mr. MacLure has also prepared plans for two country homes, which will be erected in the Gordon Head district, one for A. C. Macdonald and the other for D. Fleming. The award of these contracts will be made within the next few days. It was stated to-day by the architect.

Another contract placed to-day by Mr. MacLure provides for the construction of a greenhouse for Mrs. C. F. Armstrong, of York Place, Oak Bay. Hunter and Hallett are the contractors in this instance.

Another large home, designed by Mr. MacLure for J. H. Hinton, has just been commenced on Beach Drive. Beach Drive, with its magnificent marine view, is one of the most popular construction thoroughfares in Victoria, a number of fine residences being in course of erection on the drive at the present time.

TAKING KIDS TO A SUMMER RESORT IS A GOOD WAY TO KEEP ON BEING TIRED OUT.

CONFIDENCE VOICED

Both Hon. Robert Forke, Minister of Immigration, and Hon. J. L. Ralston, Minister of Defence, expressed their confidence in the House Committee as opposed to a judicial investigation.

Immigration permits were the chief subject of discussion.

EVIDENCE DISCUT

The matter came up when C. H. Cahan, Conservative, St. Lawrence-St. George, Montreal, referred to the editorial in The Ottawa Citizen.

"If any persons in Canada have any evidence that would form reasonable grounds for suspicion against any member of Parliament, I am willing to sit here for weeks," said Mr. Cahan. "It is unjust to create suspicion through the public press that there is something rotten in this matter of immigration which we are afraid to probe."

### FRANCE-NEW YORK FLIGHT PLANNED

New York, May 23.—Members of a special mission of French aeroplane experts announced on their arrival here to-day on the steamship France that Commander Louis Jerome Paris would attempt to fly from New York to New York after May 25 by way of the Azores. A possible stop, they said, would be made at Bermuda. Commander Paris will be accompanied by two others.

### AIRSHIP FLIES TOWARD POLE

Italia, With Noble Crew Aboard, Is Reported Making Good Headway

King's Bay, May 23.—The dirigible Italia, which started from Spitzbergen for the North Pole at 4:40 this morning, reported all well at noon.

At 9 o'clock it was over Amsterdam Island, northwest of Spitzbergen. General Noble expects to be over the Pole towards midnight.

King's Bay, Spitzbergen, May 23 (Copyrighted by the Associated Press).—The dirigible Italia started northward at 4:40 a.m. to-day across the Polar ice cap with the North Pole, some 750 miles away, as its objective.

General Umberto Nobile, commander of the expedition, hoped to land at the Pole itself, to make explorations and to plant a cross given him by Pope Pius.

The cross was blessed and kissed by Rev. Father Safranchi, the priest of the expedition, just before the start was made. The crew of the Italia witnessed the ceremony.

General Noble had hoped to get away on his third trip over the polar region just before midnight. He was delayed because of the necessity of making a few minor repairs.

The present expedition is expected to last from thirty and forty hours. On May 11 General Noble made his first attempt to penetrate into Polar regions in the Italia, but returned to King's Bay after seven hours because of bad weather conditions.

On May 18 he started a flight to Lenin Land and back to King's Bay and returned on May 18 after a flight of sixty-eight hours without seeing any new land.

SAN FRANCISCO DEATH

San Francisco, May 23.—John Martin, chairman of the board of the Midcontinental Corporation and former president of the Pacific Gas and Electric Company, died early to-day.

Unimak Island, off which the Star of Falkland was wrecked, is one of the islands which extend outwardward from the Alaska Peninsula, between Bering Sea and the North Pacific Ocean.

### Italians Set Off Bomb In Buenos Ayres Which Causes Deaths of Nine

### Two Canadians Injured In Spain

Cadiz, Spain, May 23 (Canadian Press Cable via Reuters).—A motor car containing tourists from the steamship Otranto, coming from Algiers, Africa, and proceeding to Seville, crashed into a wall here. Two Canadian tourists, Ellen Spicer and Ver Van Dey, were injured.

The bomb exploded a few minutes before noon, throwing the staff of the consulate and scores of persons in the building into a panic. The explosion was deafening and the utmost confusion prevailed.

A general strike of taxi drivers and the fact that other means of transportation were tied up impeded the authorities in reaching the scene of the explosion, which is believed to have been inspired by an anti-Fascist organization.

The bomb exploded in the waiting room, where many persons were waiting their turn to see the Italian consul. Windows were shattered and the walls swung under the force of the explosion, which was felt also in neighboring buildings.

M.P.'S STATE THEIR INQUIRY IS THOROUGH

Commons Immigration Investigation as Complete As Any Judicial One, They Say

Ottawa, May 23.—An editorial which appeared in The Ottawa Citizen to-day stirred up a discussion at this forenoon's session of the Commons Committee, which is investigating immigration affairs and before the declaration of views was completed it was clear that while some of the members had criticism for some of the newspapers of the country, they were nearly all agreed the Commons Committee investigation would be quite as thorough and in its result quite as constructive as any inquiry by a judge or judges would be.

CONFIDENCE VOICED

Both Hon. Robert Forke, Minister of Immigration, and Hon. J. L. Ralston, Minister of Defence, expressed their confidence in the House Committee as opposed to a judicial investigation.

Seattle, May 23.—With forty white people and 280 Chinese aboard, the Alaska Packers' Association vessel Star of Falkland was ashore on the rock a half mile west of Akun Head, in Bering Sea, near Unimak Pass, the United States coastguard here was advised to-day.

The Star of Falkland was reported to be down by the head, with her forward deck under water.

Other messages indicated the vessel was pounding hard on the rocks and shipping men here expressed doubt the ship could get off.

The lighthouse tender Cedar was expected to reach the cannery boat to-day, reports this morning indicating the vessel was only twenty-five miles away from the wreck.

The United States coastguard cutter Baldie was expected to reach the ship later to-day.

The plight of the crew and cannery hands who composed the passenger list was not mentioned in the messages to coastguard headquarters here. The Star of Falkland was on the way from San Francisco to the Bristol Canneries.

Unimak Island, off which the Star of Falkland was wrecked, is one of the islands which extend outwardward from the Alaska Peninsula, between Bering Sea and the North Pacific Ocean.

Buenos Ayres, May 23.—Nine persons were killed and forty-one are known to have been injured in a bomb explosion in the passport bureau on the main floor of the new Italian consulate here to-day.

The bomb exploded a few minutes before noon, throwing the staff of the consulate and scores of persons in the building into a panic. The explosion was deafening and the utmost confusion prevailed.

## M.P.'S ASKED TO VOTE FUNDS

J. Friel Recommends Division of \$6,289,389 of German Reparations Money

Ottawa, May 23.—Parliament has before it recommendations that a total of \$6,289,389.34 of German reparations money be voted to Canadians who made claims as a result of losses suffered during the World War.

The total amount includes \$4,246,686.75 assessed in favor of the claimants and \$2,042,532.59 representing five per cent interest on all awards calculated to March 10, 1928.

The recommendations are made in the report of James Friel, K.C., who investigated as a special commissioner, taking up the inquiry where Hon. William Pugsley dropped it when he was overtaken by the illness which caused his death.

**MANY CLAIMS CONSIDERED**

The report shows eighty-seven claims were assessed by the late Commissioner Pugsley at \$531,713.09.

The amount asked in respect to these claims totaled \$978,075.06.

Sixty-one claims were dismissed by the late Commissioner Pugsley, totaling \$6,051,225.99.

Commissioner Friel assessed 1,238 claims, including unfinished assessments of Dr. Pugsley, at a total of \$7,153,155.56. The total amount claimed in respect to these claims was \$23,012,201.

Claims dismissed by Commissioner Friel totaled 150 and involved \$21,556,046.03. Eighty-seven claims totaling \$4,391,544.40 are dismissed in the report with the notation "no action, claims withdrawn or not pressed; may be considered dead."

**VARIETY OF LOSSES**

The records, the report states, covered loss of life and property in the British liner Lusitania, sunk by a German submarine off the coast of Ireland May 7, 1915; in the Hesperian, sunk by an enemy submarine September 4, 1915, and in other passenger and merchant vessels; merchandise lost in ships torpedoed; claims of fishermen and owners of fishing vessels sunk by submarines or raided; claims for property destroyed in enemy territory; internment claims; claims of insurance companies for war losses; air raid claims; claims of shipowners and charterers; claims in respect of nurses and soldiers in hospital ships sunk; claims in respect of the Halifax explosion and other miscellaneous claims.

**FOR FISHMEN**

Under claims for fishing schooners and fishermen's decisions are made awarding \$572,595.20 in respect to 758 claims.

A total of \$840,961.79 is assessed in respect to 131 claims for losses through the sinking of the Lusitania.

A total of \$145,832.80 is awarded in ninety-six claims totaling \$252,018.71 for losses through the sinking of the Hesperian by enemy submarines.

Amounts totaling \$334,721.32 are assessed in respect of 224 claims involving \$530,180.50 for loss of life and property in other passenger and merchant vessels. A total of \$298,993.13 is awarded in respect to seventy-two claims involving \$559,548.98 of merchandise losses.

**FOR DESTROYED PROPERTY**

Claimants for property destroyed in enemy territory are awarded \$78,996.64. The total number of claims in this category is sixty-three, involving \$2,027,873.98.

Internment claims are awarded \$184,729.41 on a total of seventy-seven claims for \$996,823.33.

Claimants for war raid injuries are granted \$18,170 on fourteen claims for \$53,591.48.

The total sum of \$1,560.50 is awarded in respect to effects of deceased soldiers lost at sea while in charge of the military estimates directorate.

**BUSINESS LOSSES**

Decision for \$550 in regard to business losses in Canada is given. The number of claimants in this category totaled nine, involving \$2,527,784.73.

The commissioner awarded \$598 on twenty-nine claims in respect to nurses and soldiers in hospital ships sunk.

Eighteen claims for \$43,821 in respect to the Halifax explosion were dismissed.

**FUNDS ON HAND**

It was stated during a debate in the House this week on claims for war losses that Canada had received \$11,000,000 from Germany as reparations under the Dawes Plan.

**MATHER DISASTER**

Mather, Pa., May 23.—All but forty-two of the bodies of 197 miners killed in the explosion in the Mather Coal Company's mine here had been brought to the surface up to an early hour today.

Rescue squad leaders announced it virtually had been established that no more living miners remained.

One man was rescued alive early yesterday.

The explosion occurred last Saturday.

Bluefield, W. Va., May 23.—Thirteen miners were known to have been killed and four were missing to-day following a blast in the No. 1 mine of the Yukon-Pocahontas Coal Company at Yukon, McDowell County, last night.

The bodies of the thirteen workers had been brought to the surface by rescue workers. The exact number of men in the mine at the time of the explosion was not known, but company officers said they did not think there were more than seventeen.

Only leaders and machine cutters were in the workings, it was said. The bodies removed were those of loaders.

The mine was quickly cleared of gases, according to reports received here, and rescue efforts were pushed to the limit.

The cause of the explosion was undetermined, but its source was thought to have been gas.

Yukon is in an isolated section and news of the blast did not reach here until some hours after it had occurred.

(Continued from page 1)

A guard of one hundred and fifty cadets, under Capt. T. B. Whesdon lined the rose garden from the steps to the monument and down this avenue, following the I.O.D.E. standard-bearers, filed little tots from the various city schools bearing wreaths and flowers which were laid at the foot of the monument.

Returning to the steps, the school children joined in the singing of the National Anthem, closing the ceremony.

Outstanding in the ceremony was the pretty group of girls from South Park School, attired in white with blue sashes. The High School girls also represented, the girls being garbed in white with sunflower button holes.

T. W. Hall acted as marshal of the ceremony with J. M. Campbell as assistant.

**CORONATION**

To-night's entertainment at the Armories, attendant on the coronation ceremony, will be a striking and colorful feature of the celebration. A nominal admission fee is to be charged to cover expenses and seating accommodation has been arranged for over 3,000 people. It is scheduled to commence at 8 o'clock sharp.

The outstanding event of the evening will, of course, be the crowning of the Queen, who will appear in her royal robes for the first time. Mrs. J.

The outstanding event of the evening will, of course, be the crowning of the Queen, who will appear in her royal robes for the first time. Mrs. J.

D. MacLean will perform the coronation and will also present to the Queen a handsome white gold Bulova wrist watch donated by Joseph Rose, a duplicate of the one which was presented to Ruth Elder on her flight across the Atlantic.

**PRINCESSES**

Accompanying the Queen will be her fifteen princesses, chosen from each of the city schools. They will be as follows: Grace Zalko, of the Bank Street School; Margaret Jupp, of Beacon Hill School; Nellie Tickle, of the Kingston Street School; Dorothy Hick, of the Quadra Primary; Beryl Earl, of Spring Ridge School; Phyllis Addison, of the Burnside School; Patty Pearce, of the Quadra School; Helen Clague, of the Girls' Central School; Catherine Miles, of the George Jay School; Belle Schwartz, of Margaret Jenkins School; Jean Baldwin, of the North Ward School; Barbara Draper, of the Oaklands School; Vera Beak, of Sir James Douglas School; Ella Monk, of South Park School; and Vivienne Wood, of the Victoria West School.

Festival choirs, consisting of children of the George Jay, Quadra, Sir James Douglas, South Park and Victoria West Schools will stand out during the concert, rendering "O Canada," "Land of Hope and Glory," "Merry Winds of Spring Time" and "Sanctus."

**FOLK DANCES AND DRILLS**

The Victoria Boys' Band will be present to render several selections. Drills, special exercises and folk dances, all done by children, will comprise the programme.

This entertainment is being staged under the direction of W. H. Muncey, assisted by Miss E. C. Haddow, with cooperation of the Victoria School Board.

With the ceremony well under way a crowded programme faces the public to-morrow. The decorated street parade, commencing at 2 p.m., will be the main feature, while the fireworks display in the harbor in the evening and the grand serpentine frolic and dances at the Crystal Garden in the evening will draw large crowds.

Many sporting events and other celebrations features are included in the programme of entertainment for to-morrow when the sailors, cut in the U.S.S. Pennsylvania will be on shore to aid in putting things over.

**PROSPECTS OF BERRY CROPS NOT SO GOOD**

(Continued from page 1)

**WEEVILS ACTIVE**

"During the last two weeks weevil infestation has been very manifest and there is a very real danger of loss from this pest. In some cases patches which produced a maximum first crop last year will produce practically nothing this year. There has been considerable killing of plants due to wet conditions during the winter.

Loganberries have come through the winter in very good condition and there are prospects for a favorable crop of this fruit. In some cases, however, there has been injury to this crop as well as raspberries, currants and gooseberries also appear in good condition. Practically all bloom has fallen from the different kinds of fruit at the present time.

**PLUMS AND CHERRIES**

"Plums and sweet cherries showed a very heavy blossom, as did also peaches. The bloom on apples was very variable, some varieties showing a heavy blossom. Raspberries showed a very heavy bloom. It is too early at the present time to estimate what the set of fruit has been.

Greenhouse cucumbers and tomatoes have been moving out for a considerable time and with the advent of fine weather during the last week shipments have increased quite rapidly."

**North China Forces Gain**

Tokio, May 23.—Violent fighting at the city of Hsien, important strategic point 100 miles south of Peking, was reported in advance from Chihli to-day. The Nationalists finally being driven to the south while the Northern Shantung army in pursuit.

**COLORADO THUGS KILL BANKER**

Lamar, Colo., May 23.—John Parrish, cashier of the First National Bank of Lamar, was shot to death, and his father, A. N. Parrish, was seriously wounded, as reported, 148 members of Parliament had received permits.

A posse led by Sheriff Alderman started in pursuit, and it was believed a running battle was imminent, as the posse caught sight of the robbers a short distance toward the Kansas line. The robbers headed toward the Kansas line.

**WITNESS STATES CHARGES REDUCED**

**Chinese Tells Vancouver Police Inquiry Commission About Narcotic Cases**

Vancouver, May 23.—Narcotic charges against Chinamen were reduced through efforts of interpreters, George Chow, Chinese gambler, testified at this morning's session of the Vancouver police inquiry.

He himself had "fixed" several cases, he declared, adding that on one occasion he had paid former Police Sergeant John Robertson \$50 to reduce a charge.

The witness, replying to questions by G. G. McCreer, K.C., counsel for Police Commissioner T. W. Fletcher, stated he had called on Sergeant J. W. Tuning and Constable A. J. Stewart and had sought their assistance to have a narcotic charge against a cook employed in the witness's gambling house reduced, but those officers had refused assistance. Inspector John Jackson, the witness declared, had promised to see "what he could do about it."

**SWEAR MONEY PAID**

Cross-examination by Alex Henderson, K.C., counsel for Mayor L. D. Taylor, and by George G. McCreer, K.C., counsel for Police Commissioner T. W. Fletcher, in the absence of J. W. de B. Parris, K.C., the sergeant's counsel, Chow said he had paid Sergeant Robertson \$50 in 1924 or 1925 to reduce a charge against Nang Yoo, of possession of opium. The money had been paid to Robertson at his home, the witness said.

Chow had never offered himself or Constable Stewart money when they were together, as far as he could recall.

**TOLD TO GO AWAY**

In reply to questions by R. M. MacLennan, counsel for Detective Sergeant George McLaughlin, Constable Stewart repeated his previous statement that Chow had offered him money in the Ah Joe case, but he had refused it. The first offer was \$100, then \$250, and later he had suggested "more money."

Another Chinaman had also approached him, said the witness, but he had told them all to keep away.

**M.P.'S STATE THEIR INQUIRY IS THOROUGH**

(Continued from page 1)

Extracts from the editorial were read stating the general opinion was that conditions in the Immigration Department were as unsatisfactory as they were in the Customs Department. Several months of inquiry had only served to arouse suspicion, said the editorial.

"I regard that as an unfair comment on the proceedings of the committee," said Mr. Chan. "In no case have I been able to obtain evidence to substantiate charges. No ground has been found for general allegations."

**MINISTER AGREES**

Hon. Charles Stewart, Minister of the Interior, a former Acting Minister of Immigration, agreed with the committee that it was contemptible to blame a member for doing his plain duty regarding immigration permits, he said.

Dr. A. M. Young, M.P., Saskatoon, declared he was tired of "these men who sit behind an editorial pen and cast aspersions on members of Parliament."

W. T. Lucas, U.F.A., Camrose, suggested a judicial inquiry.

**EDWARDS SPEAKS**

Hon. J. W. Edwards, Conservative, Frontenac-Addington, Ont., said: "Somebody will have to be sacrificed. Nothing else will satisfy the press. They do not want the truth. They want somebody offered up. There must be a goat or a flock of geese. If we can offer up that half the members of Parliament are guilty, they will be satisfied."

It was simply catering to the sensational, he said. The newspapermen of the press gallery seemed to be under the influence of the movies. They gave columns and flaring headlines to inconsequential things and few lines to a carefully prepared speech representing much study.

"A lot of the stuff they send out has no brains behind it," said Dr. Edwards.

He suggested the Deputy Minister of the Department "

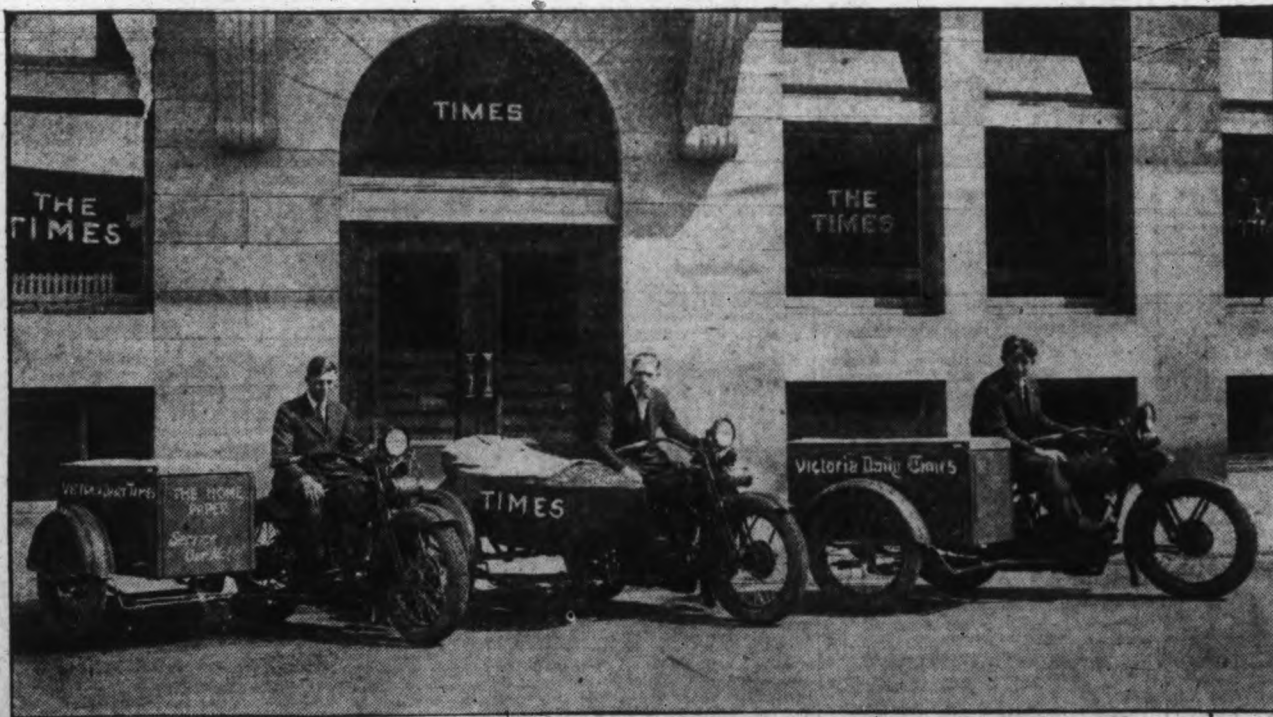

## The Times Inaugurates Fast Delivery to Vancouver Island Points

With a view to giving a faster and better service to its readers, The Times is to-day inaugurating high-powered motor cycle deliveries of papers to its carrier boys and dealers at all Up-island points.

"Red hot" from the press, the first papers of The Times afternoon edition will be wrapped into bundles, addressed and stacked into side-cars waiting at the entrance to the mailing-room. No time will be lost in getting away, and with the new delivery subscribers Up Island will get almost the same service from The Times as the city subscribers. For instance, the residents of Duncan will receive their papers about 4.30 o'clock, while delivery in Nanaimo will be made actually before 6 o'clock.

To advertisers time means money, and The Times, in addition to thus giving more efficient service to its subscribers, is also maintaining the faith of its advertisers in more quickly distributing the issues which contain their displays.

### LT.-GOVERNOR AT CHILLIWACK

Town Greets Hon. R. Randolph Bruce on First Visit to That District

Chilliwack, May 23.—For the first time in its history, Chilliwack yesterday welcomed a lieutenant-governor of the Province in the person of Hon. R. Randolph Bruce, who was accompanied by his niece, Miss Helen MacKenzie. Arriving from Vancouver in the morning, the Lieutenant-Governor placed a wreath on the Cenotaph and then proceeded to the City Hall, in front of which Mayor J. H. Ashwell read and presented an address, voicing the appreciation of the people of Chilliwack for the visit.

Mrs. G. H. Bailey, as regent of the Municipal Chapter, I.O.D.E., and William Murray, acting president of the Chilliwack Branch of the Canadian Legion, also extended welcomes.

At the Empress Hotel a civic luncheon was tendered in honor of the Lieutenant-Governor and Miss MacKenzie.

At 2 o'clock the Lieutenant-Governor reviewed a parade of Boy Scouts and Girl Guides, and then officially opened the May Day fete in the Drill Hall.

### RESEARCH WORKER LOSES HIS LIFE

Dr. H. Noguchi Succumbs in West Africa While Studying Yellow Fever

New York, May 23.—An expedition into Africa in an attempt to discover the relation between South American and African yellow fever resulted in the death this week of Dr. Hydooye Noguchi of the Rockefeller Institute for Medical Research, the institute was advised.

Dr. Noguchi, discoverer of the source of South American yellow fever in 1916, died at Accra, West Africa. Recently he wrote to New York friends that he had been stricken with African yellow fever and had been in an African hospital from December 28, 1927, till January 9 of this year.

He said his own was the first case of the disease to come under his observation, and that from his bed he had directed the inoculation of a monkey with some of his own infected blood. The animal died twelve days later and additional experiments, the letter said, disclosed the micro-organism responsible for the disease.

Dr. Noguchi was born in Japan fifty-one years ago. He studied at the Tokyo Medical College and in 1900 came to the United States and joined the pathological staff of the University of Pennsylvania under Dr. Simon Flexner.

### Vancouver Island News Duncan

Duncan, May 23.—Bishop Schofield held a confirmation service at St. Peter's Church, Quamichan, on Sunday morning, assisted by Archdeacon H. A. Collison, the rector.

There was a large congregation and nine candidates. They were Barbara Wallis, Susan Wallis, Dorothy Price, Joan Mann, Mary Macrae, Patricia Carr-Hilton, George Day, Stow Compton-Lundie and F. W. N. Hunter.

In the afternoon the bishop held further confirmation services at St. Andrew's Church, South Cowichan, and in the evening at St. John's Church, Duncan, assisted at the Duncan service by Rev. A. Blachlager.

### Great Military Show in London

London, May 23.—"The finest guards in the world" will be "on parade" at this year's Royal Tournament, which will open at Olympia to-morrow. A composite company of 250 picked stalwarts from the Grenadiers, Coldstreamers, Scots, Irish and Welsh, backs and legs straight, bayonets gleaming, boots skinned rigidly in line, they will march and drill with the pageantry and precision which mark their appearances on the Horse Guards' Parade on the King's birthday and other ceremonial days.

Impressive ceremonial is to be the keynote of the show. The Duke of York's School boys from Dover will do ceremonial drills in old-time and modern full dress. 200 Royal Air Force young men will give a training display as expert as that which earned them such praise in the Wembley Tattoo; the 1st Battalion of the Royal Scots Fusiliers, who will celebrate their 250th birthday this year, will be seen in a historical display illustrating their drills, dress and achievements in the two-and-a-half centuries from the early "grey-breeks" to the steel helmets and gas-mask days, in a series of dramatic episodes.

Instead of the musical ride being done this year by the Household Cavalry, as was the case last year, it will be performed, in handsome full dress, by the Royal Scots Greys from Edinburgh, who recently returned from India. The musical drive will be done by one of the most famous batteries in history—"M" of the Royal Horse Artillery, which has to its credit a share in the relief of Lucknow and Mafeking and the advance to Cairo after the victory at El-Kebr.

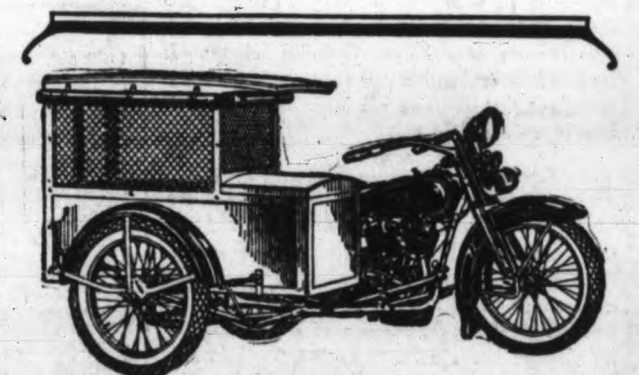

The new chairman of the tournament

is a famous Guards officer, Major-General C. E. Corkran, recently in command of the Royal Military College, Sandhurst.

### Coal Shovel In Sweden Acts As Radio Broadcaster

Stockholm, May 23.—The ancient and picturesque little town of Kalmar on the east coast of Sweden has been disturbed in its peaceful repose beneath the grey walls of its big mediaeval castle. The disturber is a coal shovel, hanging on the wall in the headquarters of the local fire brigade. A few days ago the shovel evidently made up its mind to enliven the somewhat monotonous existence in the fire station. It suddenly assumed the role of a local entertainer and began to speak, sing and play. The firemen were very much startled, and the rumor quickly spread about the town, attracting a large audience. The shovel continued its performance, and when the correspondent of a Stockholm paper arrived it was in the act of giving a model lesson in the English language.

After a closer investigation it turned out that the performance of the shovel synchronized with the sending of the local radio broadcasting station, and that it acted as an ordinary radio apparatus. It was further found it was suspended on the wall so as to touch the power line of the Kalmar radio station and that it reproduced clearly and distinctly everything sent out from that station. Radio experts, however, have not yet been able to give a fully satisfactory explanation of the occurrence, but the firemen of Kalmar feel proud of their shovel and are still basking in the unprecedented notoriety and popularity of their station.

## TO-MORROW'S EVENT

**UNDER THE DIRECTION OF MR. W. T. Straith** the Junior Chamber of Commerce has arranged an excellent programme for the Victoria Day celebrations to-morrow, and the organization is entitled to a good deal of credit. Of special interest will be the arrival of H.M.C.S. Vancouver, one of the destroyers which Great Britain is lending Canada until our ships have been built, and the U.S.S. Pennsylvania, which will take part in the festivities. This will not only give the day an international atmosphere, but the crews from these two vessels will make an imposing contribution to the parade.

All that is required to make to-morrow's event a complete success, therefore, is the support of the citizens of this community. It is to be hoped that the efforts of the Junior Chamber of Commerce workers will be appreciated by a record crowd.

## TRADE RETURNS

**CANADIAN TRADE FIGURES ISSUED** from Ottawa yesterday for the year ending April 30 show that, compared with the previous year, imports had increased by more than \$75,000,000 and exports had decreased by more than \$59,000,000. On the face of it this shows a considerable drop in the favorable balance which the Dominion has been enjoying for the last two or three years. The explanation, however, takes all the alarm out of the bare statistical facts.

In Canada's fiscal year which ended March 31, for instance, there was a decrease of nearly \$30,000,000 in exports; but this is accounted for by the fact that the exports themselves fetched much less money in that year than in the previous year, and that a considerable delay had been occasioned, a factor still being reckoned with, in the export of agricultural products. In connection with the increase in imports, however, an even more satisfactory explanation is found in the fact that the increase was almost wholly composed of raw materials for manufacture in Canadian factories, including raw iron and iron products, which increased by \$30,000,000.

One important point to be borne in mind when considering any increase in the volume of imports is that it indicates the capacity of our people to buy. It furnishes striking proof of our prosperity. The increase in the volume of raw materials brought into the country, on the other hand, is a cheerful commentary upon the activity of Canadian industry. It is part of the explanation why employment conditions throughout the Dominion are better now than they have been since 1920.

## OUR GOVERNOR-GENERAL

**AN INTERESTING DISCUSSION** HAS been taking place in some of the eastern Canadian newspapers on the subject of the appointment of Governors-General. The Toronto Star thinks the time has come for the selection of a Canadian for the position; but The St. Catharines Standard says it does not think any Canadian "would form the sentimental link with the Crown in the same manner as a trained diplomat, or statesman, sent from across the sea." Then it goes on to say that "we have men trained in Canadian problems fit for the duty, but we have no men who have shouldered great responsibilities of government in other parts of the world."

This argument naturally amuses The Star and provokes the following reminder:

But the fact is that governors-general do not shoulder great responsibilities of government when they come to Rideau Hall. Their function is, in a somewhat larger way, the same as that of the lieutenant-governors who come to Chancery Park in this city. Everyone perceives quite clearly that the lieutenant-governors do not govern, and that the governing is done by the government and the legislature. Nor does the governor-general govern, and yet a certain confusion of mind exists in regard to this, so that we hear it said we must import, for this office, men who have shouldered great responsibilities of government in other parts of the world—as if that were what they would have to do here, when the truth is, nothing could be worse than for a governor-general to attempt to do any such shouldering of responsibility. That is most expressly what he is to avoid doing.

The Irish Free State, of course, now has Mr. McNeill, a citizen of the Irish Free State, as successor to Mr. Timothy Healy, as its Governor-General. Although Lord Athlone has been asked to carry on in South Africa, it is being suggested, the Toronto paper notes, that in the event of Premier Hertzog's winning next year's elections the successor to Lord Athlone will be a citizen of South Africa. In referring to these two instances The Manchester Guardian says:

These are the first appointments that have been made to these exalted offices since the famous Imperial Conference memorandum of 1926. They are therefore of special interest, since the memorandum laid it down, inter alia, that a dominion governor-general is the personal representative of the King, and is no longer the representative of the government of Great Britain. It hence follows that he is to be appointed in each instance on the advice of the dominion prime minister and not on that of the prime minister of England.

The Guardian points out that the change is not so drastic as it sounds; it none the less argues that the "days of the great pro-consuls—Durham, Grey,

Hercules Robinson, Dufferin, Cromer, Milner—have gone, never to return." If we appointed one of our own citizens to the post—if we did it even once, The Toronto Star concludes, there would be a sudden and complete clarification of the atmosphere surrounding the office and its occupant that would be highly beneficial in its effects both at home and abroad.

Professor Barriedale Keith, the well-known British constitutional authority, in a recent book points out that as a sequel to the Imperial Conference last year each of the Dominions will directly select its own Governor-General, either one of its own citizens or a citizen of one of the other Dominions, as it may see fit. The appointment will be made, of course, by His Majesty on the advice of his ministry in that particular Dominion instead of on the advice of his ministry in Great Britain. Up to this time the appointment has been made by the King on the advice of the British Government, although the Dominion Government has been consulted on the suitability of the prospective appointee.

One of the objections urged against the appointment of a Canadian as Governor-General of Canada is that as he would have been a public man he might carry political partisanship into Rideau Hall, but a little reflection will show that there is not much ground for this objection. The duties of a Governor-General provide very little opportunity for him to indulge in party politics on his own initiative, since everything he does in an official way must be upon the advice of his ministers, who are responsible to the electors for his actions. Lieutenant-Governors, nominally representing the King, are local citizens appointed by the Dominion Government, and there have been very few cases in which they have actively engaged in party politics. In those instances they were promptly dismissed from office by the Dominion Government. No appointee from abroad to the post of Governor-General of Canada could be more correct in his appreciation of the duties of his office than a Canadian like Sir Robert Borden or Rt. Hon. Geo. P. Graham, for example, would be, and none certainly could be more competent to occupy this high position.

## 'A PRETTY COMPLIMENT'

**THE LONDON DAILY TELEGRAPH** notes that United States Secretary of State Frank B. Kellogg "has paid the British Dominions a pretty compliment in officially communicating to each of them the United States proposal for a treaty for the renunciation of war before approaching the minor powers in Europe." Although the London journal recognizes that the self-governing nations which comprise the British Commonwealth are not in the same position as the powers of Europe, it says "Mr. Kellogg's gesture augurs a regard and friendliness for the Dominions which they and the Empire as a whole can not fail to appreciate."

Much has been said and written about the influence which a combination of the English-speaking nations could wield throughout the world in any movement upon which it might embark. Not so very long ago the prospects of such an arrangement seemed to be very remote indeed. Our neighbor to the South of the line resolutely maintained her dislike for any connection with the League of Nations—and still does, for that matter—and generally shied at anything resembling it. But the whole international situation has undergone a rapid change. It began with an interchange between the United States and France. It now has developed into a much broader proposal in behalf of peace. We see the United States inviting all the Dominions of the British Empire, including Great Britain, to join with her and other nations in a plan to outlaw war as an instrument of national policy between themselves. The English-speaking combination, expanded to include other countries intent upon preserving peace, now seems to be in the making, its object a practical issue of international policy.

## WHAT OTHER PAPERS SAY

**RESEARCH AND PROGRESS**  
(From The Winnipeg Free Press)  
(Three million dollars will be spent on the National Research Institute at Ottawa during the next three years.) The growth of research work in the United States in recent years has been amazing. Immense sums of money are spent by the government and by private interests. One thousand private research laboratories have been established. Canada, even with the enlarged programme, will be relatively far behind the United States. And until the people of Canada realize more fully the value of research and both the Government and industrial leaders are willing to spend more on it, the development and advancement of the country will not be as great as it might be.

**PRODUCTION HIGHER**  
(From The Brandon Sun)  
The Dominion bureau of statistics indices of employment and physical volume of production outline the remarkable expansion of Canadian business in the past three years. The index of employment in all industries has attained a new high level for the month, in each month since June, 1925, and the index of production has shown similar results since May, 1925. On March 1, 1928, the employment index reached 101.4 as compared with 96.3, 91.5 and 87.0 on the same date in the three previous years. The gain in the physical volume of production has been even more striking, reaching 166 in February, 1928, as compared with 148.0, 144.1 and 117.0 in the corresponding months of 1927, 1926 and 1925. The discrepancy between the increase in volume of production and employment, while partly due to increased efficiency of labor and improvement in methods of management, is largely attributable to the increased use of power in industrial production.

## CHOKING THE STREETS

To the Editor:—On the eve of May 24 we may congratulate the city managers and the principal transportation company for effectually choking one of the main arteries of the town over the holiday, as well as for several days prior to it, and promising a further blockade of several weeks.

Tourists may be puzzled, the general public inconvenienced, the takings of the storekeepers in the effected quadrilateral seriously reduced, but apart from that there is no room for complaint. Labor is so scarce that only one shift a day is possible on such a minor work as that of relaying a main street, and had the "powers that be" only decided to repave all the way to the City Hall, there could have been a handsome tie-up over next Christmas.

The extraordinary thing is that in such places as Alberni, Greenwood and London (England) they consider two, and even three, shifts a day absolutely necessary, but then Victoria is different.

## INTERNATIONAL COURTESY

To the Editor:—Several inquiries have been made since the announcement of the order of the 24th of May parade, as to the propriety of placing the sailors of the American navy at the head of the parade.

Mr. Allison, the chairman of the parade committee, has, of course, acted upon information received from Commander Nelles of the Canadian Navy, and since inquiries have been made to-day, I have been personally in touch with Commander Nelles, who states that the international courtesy of precedence in processions is always granted to visiting sailors. Commander Nelles states also that not only has this been his experience, but that he has made inquiries from many of his older service men at Esquimalt, and they agree that this is invariably the custom.

In view of the many inquiries in this connection, I considered it advisable that the public be advised that the committee is acting upon the advice of naval authorities, and in placing the sailors of the U.S.S. Pennsylvania at the head of our procession, is observing the usual courtesy which is extended by all nations to visiting forces.

Answering an inquiry which appeared in the press some days ago, I may state on behalf of the committee that provision is being made for refreshment for the school children at Beacon Hill Park at the conclusion of the parade.

## NEW CAR FERRY SOON FOR P.E.I.

**Commons Asked to Vote \$1,000,000 For Eastern Canadian Transportation Link**

Ottawa, May 23.—During a debate in the House yesterday afternoon Hon. Charles Dunning, Minister of Railways, announced he had recommended to his colleagues that a vote of \$1,000,000 be placed in the supplementary estimates for the purchase of an additional car ferry to be operated between Prince Edward Island and the mainland.

The announcement came during discussion of a Conservative amendment to supply which expressed regret the Government had not implemented in full the recommendations of the Duncan Commission on Maritime Rights, particularly the recommendation in regard to the steel industry.

The amendment was still under discussion when the House adjourned.

**PROVISION MADE**  
Hon. J. A. Robb, Minister of Finance, said the amendment delayed consideration of the estimates of the Department of Railways and Canals, and when the estimates were considered, it would be shown that the Government had provided for the purchase of an additional car ferry to be operated between Prince Edward Island and the mainland.

The amendment was still under discussion when the House adjourned.

## TWENTY-FIVE YEARS AGO TO-DAY

THE VICTORIA DAILY TIMES, MAY 23, 1903

Excursions will be run to this city from nearly all points of the compass for Monday's celebration. On nearly all lines half rates will apply, but from Nanaimo and intermediate places the E. & N. Company is going one better than this, placing the rate at even less. The company is not only to give this city a special service, but will also run excursions to Nanaimo.

Lieut.-Col. Hall and his officers of the Fifth Regiment are busy making their plans for the annual outing on Macaulay Plains, which, though official orders have not yet been received, will probably commence on Saturday evening, June 6.

Weather Forecast—Victoria and vicinity: Light to moderate winds, fair and moderately warm to-day and Sunday.  
The Victoria baseball team won a decided victory in last night's game with the Tacoma Greys, the final score being 9 to 0. At first it appeared as if the game was going to be close, but Holmes, doing the heavy work for Victoria, did such remarkable work that the visitors were unable to find his curves.

The prize advertisement competition instituted by the E. & N. Railway Company was won by T. S. Mills of Swinerton & Oddy. The judge, after submitting the best specimens to the editorial staffs of The Times and the Colonist, declared the one produced by Mr. Mills to be the prize winner.

The prize is a season ticket over the line.  
Arrangements are being made for a regatta at Seattle under the auspices of the University of Washington on Monday, June 1, and an invitation has been extended to the J.B.A.A. crews to participate. It is probable that a junior crew will be sent over.

Students of the Victoria High School inspected the factory of the British Columbia Bedstead Company and Turner, Beeton & Company yesterday afternoon, spending a profitable hour or so at each place.

The programme for the May 24 celebration will be as follows: Morning—First league lacrosse match of the season, Vancouver vs. Victoria, commencing at 10 o'clock at the Caledonia grounds. International cricket match, Victoria vs. Tacoma and Seattle, commencing at 10 o'clock.

Afternoon—Nanaimo vs. Victoria junior lacrosse match, early in the afternoon. Regatta at the Gorge, commencing at 1 o'clock, including last-streak event for the championship of British Columbia. Baseball—Whitcomb vs. Victoria, commencing at 3 o'clock at the Oak Bay Park.

Evening—Illustration and fireworks display to be given by Hitt Bros., commencing at 9 o'clock at Beacon Hill.

## GYROS HEAR PRESIDENT

Glenn Stephens, International Head, Addresses Local Club

Strengthening the point that the main object of Gyro is to obtain international friendship and also to build morale, Glenn W. Stephens, of Madison, Wisconsin, International President, addressed members of the Victoria Gyro Club at a dinner meeting last night in the Empress Hotel ballroom.

The distinguished visitor was given a rousing reception as were also President Clarence H. Loughhead, of Calgary, and District Governor A. B. Macdonald, of New Westminster, who accompanied the International President.

The speaker in his address stated that Gyro now consists of between 5,000 and 6,000 outstanding men in the provinces of Canada and the United States.

He outlined the progress of Gyro since its formation in 1914, and showed how it had grown until to-day there were seventy-one clubs in Canada and the United States. On May 24 the city of Charlottetown, Prince Edward Island, would be included in Gyro ranks, thus combining every province in the Dominion.

President Stephens said that a hundred per cent Gyro was a man, an honest-to-goodness he-man, one whom a person could be proud to shake by the hand and in whom one could place trust and confidence, and know that such confidence would not be misplaced.

Continuing the president declared that Gyro must not stop with the attention to the particular needs of the communities. The big object of Gyro is to promote that mutual understanding between the two great nations of this continent.

Past-International President Loughhead extended the greetings of the Calgary Gyro Club and thanked the Victoria Gyro Club for their hospitality.

Lieutenant-Governor A. B. Macdonald voiced the regrets of District Governor Al Bergeron, of Portland, at his inability to attend. He further stated that Pacific Northwest Gyro District was about to welcome a new club at Ketchikan, Alaska, and hoped that Victoria Gyros would be represented at the installation of the new body.

During the dinner, enjoyable selections were rendered by the Imperial Male Quartette, composed of Frank Tupman, J. W. Buckler, A. W. Palmer and W. Draper.

**CANTLEY SPEAKS**

Col. Thomas Cantley, Conservative, Pictou, said the Maritime Provinces were not receiving the full advantage of the twenty per cent freight reduction because it did not apply to freight originating in Canada and destined for the United States. The potato industry of Prince Edward Island and the lumbering industry of New Brunswick were particularly affected by this.

R. K. Smith, Conservative, Cumberland, N.S., said last year \$300,000 worth of iron and steel products had been imported into this country.

J. A. Macdonald, Conservative, Kings, P.E.I., said the railway on Prince Edward Island was in a run-down condition. He said a second vote for a car ferry was needed.

**POSTAL BUSINESS REFLECTS PROGRESS**

Port Alberni Shows Eighteen Per Cent Increase in Three Years

The growing prosperity of Port Alberni is strikingly indicated by the increase of nearly eighteen per cent in stamp sales revenues experienced in the past three years by Postmaster J. A. MacIntyre. Despite the restoration of two-cent postage in 1925, sale of stamps has increased from \$6,207 in the postal year, 1925-26, to a high mark of \$7,417 in the year 1927-28 just concluded.

able to the district post office, this making the record the more noteworthy. The post office is the mail centre for more than 200 miles of the Pacific Coast, and the increase in business is substantially due to the development of industry on the coast at many points.

The Port Alberni Post Office is located in a handsome Dominion Government building of red brick and stone facings, sharing quarters with the Customs Office, the District Indian Agent's office and the Federal Telegraph system. The building was erected in 1918-14, and Postmaster MacIntyre has held office since the building was occupied.

## MASONS TO HAVE OWN QUARTERS

Barclay Lodge to Occupy New Home in Port Alberni

A new Masonic Temple is to be erected in Port Alberni this summer, and will be occupied by Barclay Lodge No. 90, A.F. & A.M.

A site has been obtained on the corner of Argyle Avenue and Second Street, adjacent to the new Municipal Centre now being developed. A company has been organized with a capital of \$10,000 to construct and operate the building. The Temple Block will be of frame construction and will have two stories on the ground floor with lodge rooms and other customary quarters upstairs.

The Fraternal Order of Eagles has a membership of over 200 in the district, having their own quarters in a lodge building operated by a company formed by members. A building was bought last year, shortly after the lodge was organized, and remodelled to suit the needs of the order.

The Benevolent Protective Order of Elks are also strong in Port Alberni and the district, with leased quarters serving the needs of the 120 members and the ladies of the Royal Purple.

The Canadian Legion of the British Empire Service League and the Native Sons of Canada also have posts in Port Alberni.

**MacDonald Says Anti-war Treaty Offers Great Hope**

London, May 23.—When the great powers sign the treaty suggested by the United States Secretary of State Frank B. Kellogg, the armies and navies of the world will shrivel up, Sir Ramsay MacDonald, former Labor Premier of Great Britain, declared before the American Chamber of Commerce here at a luncheon yesterday.

"Sign a multi-lateral pact outlawing war," said the leader of the Opposition in the House, "and these false securities we have vainly trusted, these defensive arms which have never protected us, will disappear, because they are useless."

Mr. MacDonald described the Kellogg peace note as "this magnificent declaration of simple fact."

With one part only of the British reply, Mr. MacDonald said, "that regarding self-defence."

"When such a treaty is signed," he said, "self-defence becomes unnecessary and any aggressor immediately becomes an outlaw."

**FIRE AT FORT WILLIAM**

amounting to about \$185,000 to the warehouse of Johnston & Bown, local wholesale druggists and sporting goods importer. The contents of the building were reduced to a total loss.

**SEATTLE SIGN COMPANY ESTABLISH BRANCH HERE**

The brilliant Tube Sign Company of Seattle, manufacturers of the Neon luminous gas signs which are attracting so much attention these days, have appointed H. Gibbs, well-known local advertising man, as manager of the local branch.

A brilliant tube Neon sign is on display in the window of the Automotive Equipment Company, 738 Yates Street, and is causing considerable comment from the general public and local business men.

Negotiations are progressing for several large signs for downtown business places. The company sells the signs outright and supplies any needed service free. For the present signs will be completed in Seattle, but as soon as satisfactory arrangements are made construction will be undertaken here.

## SAN FRANCISCO SHIPPING

San Francisco, May 23.—Increase in the volume of trade between the Pacific Coast and the port of Dunkirk, France, has resulted in that port being added to the regular line of the French Line, it was announced at the local offices of the company.

to-day. The new arrangement will be effective with the sailing of the steamer Arizona from the Pacific Coast in July. The vessels of the French Line sail on a semi-monthly schedule from Vancouver, Seattle, Portland, San Francisco and San Pedro by way of the Panama Canal.

Headed by Joseph Goutie, local steamship agent, a party of 500 Germans from San Francisco and vicinity left here to-day by train on the first leg of a trip to Cologne to attend the turnfest to be held there. The delegation is to arrive in New York Saturday, and there will board the North German Lloyd liner York for Bremen.

Robert C. Thacker, chairman of the United States Intercoastal conference, and H. M. Runyon, his Pacific Coast representative, met in conference to-day with a group of Central California hardware jobbers for the balance of the week. Thacker and Runyon will meet with different groups of interests concerned in water-borne cargo between Atlantic and Pacific Coast ports.

## U.S. Battleship Here To-morrow On Four Day Stay

One of Largest of United States Fleet Will Dock at Ogden Point To-morrow Morning; Detachment of Men Will Participate in Victoria Day Parade To-morrow Afternoon.

To participate in the Victoria Day celebrations, the United States battleship Pennsylvania will arrive at Ogden Point docks to-morrow morning at 8 o'clock according to word received at the office of the United States consul this morning.

The Pennsylvania will remain in the city until Sunday afternoon. With a complement of seventy-six officers and 1,176 men the Pennsylvania will be a decided asset to the annual May 24 festivities. A detachment of "gobs" will participate in the parade to-morrow afternoon, along with sailors from Canada's new destroyer, the Vancouver, scheduled to dock at Ogden Point at 6 o'clock to-morrow morning.

The Pennsylvania is one of the largest battleships of the United States navy, having a displacement tonnage of 31,400 tons and a beam of ninety-seven feet with a depth of twenty-nine feet. She carries twelve fourteen-inch, forty-five calibre guns; fourteen five-inch, fifty-one calibre guns; eight three-inch guns; four six-pounders for anti-aircraft; and two anti-aircraft submerged torpedo tubes. In addition the big ship has a seaplane catapult, operated by compressed air, two observation type planes, radio equipped and with a maximum speed of 110 miles an hour.

The Pennsylvania is powered with Curtis turbine engines which develop 31,500 horsepower. Her four screws drive her through the water at a speed of over twenty-one knots. The "Keystone Ship" of the United States navy, as the Pennsylvania is called, is in charge of Commander C. T. Owens, and has traveled over 200,000 miles, or something like eight times the distance around the world.

Following her commission in 1916 she served through the World War as a flagship of the commander-in-chief of the United States fleet. Shortly after the armistice was signed she acted as convoy of the U.S.S. George Washington, which vessel carried the late President Wilson to the peace conference at Versailles.

In 1921 the Pennsylvania led the United States battle fleet on a cruise through the Panama Canal and down the west coast of South America for a visit of international courtesy to Chile and Peru.

The complement of the ship includes the following officers: Captain, executive officer, thirty-five gunner watch and division officers, eleven engineers, five supply department officers, four in the repair and construction department, six in the communication department, three in the medical department, three navigators, two marine officers, chaplain, and four aviation officers.

Plans for the entertainment of the officers and men of the Pennsylvania are now practically complete. It was announced at the Chamber of Commerce this morning. Friday morning the Provincial Government will entertain the men on a motor drive through Victoria and district. The sixteenth Canadian Scottish Regiment will co-operate with the Chamber of Commerce in sponsoring a boxing tournament and smoker at the Bay Street Armories on Saturday evening at 8 o'clock.

## SEATTLE SHIPPING

Seattle, May 23.—A ferry merger involving all Puget Sound routes from Tacoma north of Port Ludlow, except for those of the Puget Sound Navigation Company, was announced today by Captain L. A. Anderson, president of the Kitsap County Transportation Company, and Captain J. Howard Payne, head of the Sound Ferry Lines. Besides those two companies, the merger includes the interests of Captain F. O. Reeve and his associates in the Washington route of the Whidbey Island Transportation Company. The merger was effected with the exchange of stock in the Kitsap County Transportation Company for the stock of the other companies. But one-half the ownership of the Sound Ferry Lines is involved, as the other half is owned by the Puget Sound Navigation Company.

With the sailing on Monday night of the steamer Casca from White Horse, Alaska, to Dawson, that stretch of the river was opened for the season's navigation, advice received here to-day indicated.

The time used is Pacific Standard, for the 12th Meridian west. It is corrected from 8 to 24 hours, from midnight to midnight. The figures for height serve to distinguish high water from low water. Where blanks occur in tables, the tide rises or falls continuously during two successive tidal periods without turning.

## First United W.M.S. Hears of Missions

The meeting of the First United W.M.S. was held Monday afternoon in the school-room, Mrs. Dunsmuir, presiding.  
Mrs. Stewart Skilling's circle was in charge of the programme, the Bible reading being given by Mrs. Clark followed by a poem bearing on the text, "Inasmuch as ye have done it unto these my brethren, ye have done it unto Me."

The treasurer reported \$82.20 receipts for the past month. Mrs. McKillop, convener for Christian stewardship, gave a three-minute story full of the real meaning of stewardship.

A letter from Dr. Victoria Chung, a young medical missionary, formerly of Victoria, was read by Mrs. Calvert, the minute woman, and she also told the interesting fact that rum rations had been abolished from the British navy by Admiral Jellicoe.

Talk on India was given by Miss Williamson, who portrayed a word picture of daily life in that fascinating country.

Mrs. P. MacNaughton took the study book, dealing graphically with Christianity in industrialism, especially in Japan and China, after which she closed with prayer.

Pupils in Recital—Some of Mrs. Ruby Moore's pupils were heard in recital on Saturday evening. Trios, solos and duets were given and a fine finale of six violins and piano gave great pleasure to the audience of parents and friends. The following took part: Elaine and Olive Kilby, Grace Atfield, Marjorie Murray, Winnie Jones, Rosamund Jones, Bernard Deville, Johanna Fisher, May More, violin, Mrs. Karadimis, Stella Simmonds, Margaret Hembrow, Clifford Dearlie, John MacAllister, Jack Moore, George Little, Mrs. Moore was presented with a lovely bouquet of carnations and roses from her pupils. While refreshments were being served George Little and Jack Moore gave vocal solos, the latter being Mr. Gurney's pupil and one of the winners as boy soloist at the Festival last April.

## NATIVE DAUGHTERS BUSY WITH FLOAT

Native Daughters of B.C., Post No. 3, will enter a float in the parade on May 24, and at the monthly meeting held in the Victoria Club last night, Miss Neelands, the convener, gave a report as to its progress. Miss Lottie Bowron, chief factor, was in the chair.  
It was decided to hold a picnic on June 23 under a committee composed of Miss "Boo" Wilson, Mrs. S. J. Stapledon and Miss J. Widdowson. The place to be decided later. Further plans were made for the bridge party to be held at the home of Mrs. S. J. Stapledon on the evening of June 1, under the convener'ship of Mrs. McDowell.  
The attendance prize was won by Miss Thain. Miss J. Widdowson reported on the number of tickets sold by the Native Daughters for the 24th May dance to be held at the Crystal Garden, as the Native Daughters of B.C. are doing what they can in making May 23 a success. The Bishop Criddle Ministering Chapter, I.O.D.E., kindly donated a book by Bishop Criddle to the post's library. Refreshments were served at the close of the meeting.

## Miss J. Dauphinee Heads Vancouver Business Women

Vancouver, May 23—Miss Josephine Dauphinee was the unanimous choice for president of Vancouver Business and Professional Women's Club at the annual meeting on Monday evening. Other officers chosen were vice-presidents, Mrs. M. E. Kerr; secretary, Miss M. I. Crowe; membership, Miss McKinnon, Mrs. R. J. Spott, Mrs. A. Shrapnell and Miss Elsie Girdlestone; publicity, Mrs. M. E. Kerr; social, Miss Mima Brown; educational, Miss Maude Spencer-Smith; treasurer, Miss Eva Burroughs; legislation, Miss A. McLaughlin; auditors, Mrs. M. E. Crehan and Mrs. R. Greenslade.

Daughters and Maids of England—Lodge Priory No. 32, Daughters and Maids of England, will meet on Friday evening in the S.O.E. Hall, at 7.30 for the social meeting. At the close, a mock auction box sale will be held. A short programme is being arranged, followed by a dance. Refreshments will be served. Members and their friends, also Sons of England are invited. Mrs. McKinnon, past president, is convening the affair.

## WHY BE EMBARRASSED BY PERSPIRATION ODOUR

It's so easy to avoid this obnoxious social error. Simply use Lifebuoy, the superb toilet soap, for face, hands and bath.

Let Lifebuoy's creamy, antiseptic lather neutralize the one to two pints of moisture which the human body expels daily through the pores.

When you use Lifebuoy you can be sure of never giving offence from bath to bath.

## PRESBYTERIAN W.M.S. TO MEET IN VANCOUVER

General Council to Hold Annual Meeting May 30 to June 2

For the first time in sixteen years Vancouver will be the meeting place of the Women's Missionary Society of the Presbyterian Church in Canada. The general council of the society will hold its sixty-fourth annual meeting from May 30 to June 2 at Central Presbyterian Church, Thurlow Street. Mrs. D. T. L. McKeon of Toronto will preside.

### INTERESTING SPEAKERS

The programme includes the names of Dr. Margaret O'Hara of India, Mrs. Daniel Strachan, Miss Bessie MacMurray and Miss Edith Sinclair. Preceding the meeting of the general council, to which delegates from all over the Dominion will be sent, the provincial branch will hold its fourteenth annual meeting in Central Church on May 29. Its delegates will come from Cranbrook, Kimberley, Creston, Grand Forks, Nelson, New Denver, Penitence, Armstrong, Salmon Arm, Kamloops, Canoe, Victoria, Sooke and Nanaimo, and the privileges of attending the general council meetings will be extended to them.

### 163 YEARS OLD

The society, now Dominion-wide in its organization, had its beginning one hundred and three years ago in Prince Edward Island, where a group with the formidable name of the Female Missionary Society for the Propagation of the Gospel was formed. That was the nucleus of the present Eastern or Maritime division. The Western division, including territory from Eastern Quebec to the Pacific Coast, resulted from the amalgamation of three branches at Knox Church, Toronto, in 1914—the Montreal Women's Missionary Society, founded in 1864; the Women's Foreign Missionary Society, founded in 1876, and the Women's Home Missionary Society, in 1903.

### PROVINCIAL BRANCH

British Columbia's provincial W.M.S. was organized in St. Andrew's Presbyterian Church in 1914 and consisted of three presbyteries, Westminster, Victoria and Kootenay. Two years later the Kamloops-Okanagan presbytery was added. Mrs. Alex. Lamb was the first president. For the past ten years Mrs. Henry Pillar worthily held that post and for her record of service she has been made an honorary member of the parent W.M.S.

### FIRST PRESBYTERIAN HOSPITAL

British Columbia has a special interest in the achievements of the first Presbyterian Hospital in Canada, which was established. The Atlin nursing committee was organized in Toronto in response to a call for trained nurses to be sent to the Atlin hospital, which is following in the wake of the gold rush in Northern British Columbia in the 'nineties. The first hospital was a building more than 100 feet long, with a mud roof, sawdust floor and cots made from poles, but from this missionary effort developed St. Andrew's Hospital, maternity ward and nurses home.

While the Atlin hospital is no longer under the care of the W.M.S., the society played its part in what proved to be the beginning of hospital work in frontier districts and in large foreign settlements.

### UNIQUE INSTITUTION

Another phase of the work under the auspices of the W.M.S. in which British Columbia is especially interested is that of the Pacific Coast Mission. The first "walking church and floating hospital," as these unique institutions have been called, consisted of an unpretentious rowboat manned by a solitary missionary who, thus equipped, was commissioned to visit the loggers and miners in isolated camps up the coast.

### VICTORIA'S GIFTS

On the west coast of Vancouver Island a mission to serve men in camps on Barclay Sound, at Bamfield and Port Alberni, was outlined by Victoria St. Andrew's Bible Class. Rev. W. E. Mott and his mission launch, "The Broadcaster," was outfitted by the Victoria group for this work a few months before the United Church was established.

Overseas work is carried on by the W.M.S. in British Guiana, India, Japan, Formosa and China. To the eastern division belongs the credit of sending out the first foreign missionary from any British colony. They sent Rev. John Geddie to the islands of the New Hebrides in 1848.

## Dutch Art to Be Seen in London

London, May 23.—An exhibition of Dutch art will be held at the Royal Academy next winter. No such exhibition has been held in England since 1899, and it is anticipated it will be one of the most successful ever organized, only works of high quality being exhibited. The exhibition will be under the auspices of the Anglo-Batavian Society, in co-operation with the Government of Holland, together with the highest British and Dutch authorities. The Dutch Government has promised to contribute liberally from its state and municipal museums. Only works lent in response to the invitation of the committee will be shown. Works of the highest importance have already been promised from Great Britain, Holland, France, Germany, Italy and the United States. The period from the end of the fifteenth century to the nineteenth century will be covered by the exhibition. Special features will be pictures of the golden age of Rembrandt, Frans Hals and Vermeer of Delft, and among the moderns, of Vincent Van Gogh, while Dutch applied art of the seventeenth century will be illustrated by the silverwork of Delft, and a special section will be devoted to drawings, etchings and engravings.

## Woman Performed Marriage Ceremony

London, May 23—A woman officiated at a wedding at Grimsby Wesleyan Church, recently. The bride was Miss Edith Dawson of Scarborough and the groom was Mr. Stanley Burton.

The performance of a wedding ceremony by a woman lay aside the Wesleyan Church is a rare event nowadays, but it happened often during the ministers' strike of a number of ministers at the front underfoot of the husbands duties and officiated at marriages.

In mid-September at the Church of St. Alban the Martyr, Ottawa. Among those expected to be present besides their Excellencies the Governor-General and Lady Willingdon are the Viscountess Hardinge, mother of the groom-elect, Lord Richard Nevill, late controller to H.R.H. the Duke of Connaught and controller to the Duke of Devonshire, and Lord and Lady Penrhyn, brother-in-law and sister of Lord Hardinge.

Mrs. R. J. Crozier Smith was hostess at the tea-hour on Tuesday afternoon in honor of Miss Muriel M. Bartholomew, whose marriage will take place early in June. The miscellaneous gifts were presented to the bride-elect by little Nellie Smith and Olive Croth, both of whom dressed as gypsies and drawing in a wagon representing a caravan in which the gifts were placed. Those present were: Mesdames A. Bartholomew, J. E. Fish, Clifford Walker, W. H. Lettice, A. Petch, W. O. Wallace, S. Bass, F. G. Purser, H. E. Sims and E. W. Williams, and Misses M. Bartholomew, G. Bartholomew, V. Petch, M. Sims, W. Sims, W. Lettice, M. Lettice, Evelyn Lettice and Master Jack Smith. Refreshments were served, Mrs. W. H. Lettice assisting in pouring tea.

Sir Joseph Burn, K.B.E., F.R.S., President of the Institute of Actuaries, London, England, and general manager of the Prudential Assurance Company Limited, of London, England, accompanied by Lady Burn and W. S. Day, of the firm of R. S. Day & Sons, Vancouver, spent yesterday in Victoria. While here, they were the guests of Mr. and Mrs. Brooke Stephenson. This trip is the first that Sir Joseph Burn has made to Western Canada and he expressed regret that time would not permit his staying here longer to enjoy the beautiful scenery surrounding Victoria, and a visit in the city. Sir Joseph and Lady Burn left on the mid-night boat for Vancouver and will spend a short time there prior to leaving for the East and en route will spend a few days in Banff. They will sail from Montreal on June 6 for their home in England.

Kumtiks Club—All members of the Kumtiks Club who are taking part in the musical sketch to be presented at the banquet on Saturday are requested to attend a dress rehearsal at the Y.W.C.A., Friday evening at 8 o'clock.

## UNSOPHISTICATED GIRL SEES LONDON

Seventeen-year-old Sees Her First Horse, Train and Auto

London, May 23—A seventeen-year-old girl who had never seen a tree, a horse, a motor-car, a railway train, a cinematograph picture, a telephone or a telegraph pole was taken for a motor-car ride through Blackpool today. She is Miss Rachel Gillies, a native of St. Kilda, the lonely island in the Outer Hebrides, Inverness-shire, which is a population of between forty and fifty and is only about seven miles in circumference. St. Kilda is over 100 miles from the Scottish coast. It is difficult to grow even vegetables on the island owing to the sea spray, which blows across and turns everything black.

### SPEAKS GAELIC

Miss Gillies is paying a brief visit to Fleetwood, Lancashire. It is the first time she has left her island home. During the greater part of the motor-car journey she sat in silence, spell-bound, too delighted to speak. Occasionally she would ask a rapid question in Gaelic or broken English, such as: "What makes the car move?" "Is that a tree? I have only seen them in pictures?" "What are those funny wires hanging on to the poles for?"

"But your sheep!" she exclaimed, directing the traffic. "Isn't he funny?" "What are those things called?" she asked.

She laughed when she saw a policeman in uniform with white sleeves directing the traffic. "Isn't he funny?" she said. "I have never seen anything like him before." Her brow knitted in bewilderment at the electric tramway which was moving without any visible method of traction. "How do they go like that?" she said.

At the South Shore fair ground at Blackpool, she was filled with alarm that people should go for amusement on contrivances which seemed to her so dangerous and mysterious. "I would not like to go on that," she said with finality when she saw the "Big Dipper." "There are none of these things in St. Kilda."

At the close of the meeting a social hour was held in farewell to Mrs. Haverston, Mrs. Saxon, Mrs. Robinson and Mrs. Milmore, who will all leave for Wolville, N.S., next week. Bouquets were presented to each. Mrs. Strachan made a little speech of farewell. Refreshments were served under the convener'ship of Mrs. Middleton.

## Baptist Women To Attend Convention In Mainland City

Mrs. C. C. Spofford, Mrs. Angus Galbraith and Mrs. William Russell will represent the Board of the General Union of the First Baptist Church, and Mrs. T. B. Brown and Miss Wiswell the circle at the annual provincial meeting to be held in Vancouver on June 3 and 4. These delegates were appointed at yesterday's meeting of the Union held in the church parlor, with Mrs. C. W. Bradshaw presiding.

Mrs. T. B. Brown read the Scripture lesson and splendid reports of progress were given by the following departments: Calendar, Mrs. Strachan; visiting, Mrs. Beveridge; White Cross, Mrs. A. Galbraith. A shower was held in aid of the work for schools and hospitals in India, meeting with generous response. A missionary prayer meeting will be held at the church to-night when the White Cross articles will be displayed.

In the absence of Mrs. Spofford, Mrs. Bradshaw reported on the missionary budget, urging the women to respond generously to this cause. A rummage sale will be held on June 23, with Mrs.

## YOUR BABY and MINE

Mrs. Eldred will be glad to answer all questions pertaining to babies and children. A stamped envelope addressed to this office will bring a personal reply.

### A BUNDLE OF QUESTIONS OF GENERAL INTEREST

Mrs. M. J. W. writes:

"You have helped me solve several problems, now will you help me again? My eleven months old baby weighs twenty-three pounds. I made a mistake when weaning her and allowed her to go to sleep with the bottle. Now I am trying to break her and when I take her up to be put on the toilet at ten, she won't go to sleep without a bottle."

"At six she takes only a few ounces and goes to sleep again. Does she need five bottles daily? When can I give less maltose? She takes three rounded tablespoons to a quart of milk and some cereal water. Can plain milk be given at one year?"

"Scraped apples give her the colic, though other babies have no trouble. For a month I have tried to train her to her chair, putting her on every half hour. Does it always take them so long to tell you? She says several words plainly."

"Why does baby hiccup when she laughs?"

"Do you think it all right to put sleeveless shirts on this summer? Where I live it is never very hot. I hope your column long continues."

ANSWER  
Four bottles a day is enough for that splendid big baby; no night feedings at all. But don't try to kill both birds at once. When baby has learned to sleep through the night without a bottle and eventually (not now) start the training for dryness. You have a long pull ahead of you, as few babies are dry at night until eighteen months or later."

With no night feeding she will take her morning feeding as she should, which will start the day out right."

She can have whole, undiluted, unsweetened milk at one year. The sugar is taken out gradually beginning the tenth month. Try baked apple or apple sauce instead of the raw apple. I don't know why the baby hiccups, but frequently following the taking of food, hiccups may result from a slight irritation to the throat caused by the baby spitting up partly soured milk. A drink of water and a change of position is usually sufficient to end them."

Don't expect the impossible with an eleven-months-old baby. Keep up the regular habits of putting baby on the stool and eventually (not now) she'll know her desires far enough in advance to tell you. Sleeveless shirts by all means, or none at all. Just the thin weight cotton and wool band is enough for summer. The baby is absolutely adorable; you are quite right."

## Brentwood

Brentwood, May 22.—The St. Stephen's and St. Mary's W.A. held their last meeting before adjourning for the summer months on Wednesday at the home of Mrs. Turgoose, Saanich, with President Mrs. Cary Wood in the chair. Miss Gale presented a good financial report of the recent dance held in the Agricultural Hall. Arrangements were completed for the garden fête to be held on Saturday, June 23, at Bardsey. The rest of the afternoon was devoted to sewing and tea was served by the hostess.

Recent guests registered at the Anchorage included Mr. and Mrs. A. H. Spurr, Mrs. H. Gardom, St. John; Mrs. R. Hannington, Mrs. Tuck, Miss Toia Tuck, Vancouver; Mrs. J. E. Dickson, Miss J. A. ## SAANICH BUS PLAN EXPLAINED

J. S. H. Matson Outlines Enterprising Transportation Development

Payment of \$12,500 For Lake Hill System Tendered as Good Faith Evidence

Organization of a complete bus service for Saanich is a task requiring several years and large sums of money, J. S. H. Matson pointed out to the Saanich Council last night, when outlining his proposals for a consolidated service.

He considered that the system of half-yearly municipal licenses had prevented large investments in modern equipment because of the factor of depreciation.

Mr. Matson told of plans for a new service of main line buses on the East and West Roads, fed by short line links to be operated in addition to the urban services acquired. This service would require, upon inauguration, at least three passenger coaches, costing \$45,000, besides smaller feeder cars.

### BIG INVESTMENT

In five years Mr. Matson believed the system would be operating in Saanich equipment costing \$250,000. He had arranged for expert supervision before the end of June.

### SEES GREAT DEVELOPMENT

Mr. Matson foresaw great development in Saanich and Southern Vancouver Island, as the Winter playground of Canada. He believed that proper transportation facilities would result in Saanich having in five years two taxpayers for every taxpayer now in the municipality.

"With the co-operation of the council and the people of Saanich I believe this transportation system can become a great success, expanding to Metchesin, Sooke, Happy Valley and maybe as far as Nanaimo," he said, pointing out that in the first seven or eight years the struggle would be severe.

### COUNCIL PROTECTED

The new system would contract to charge reasonable fares at all times, subject to revision by the council and give effect to the views of the council as to service, he said.

Councillor Hagan asked if secession of rural Saanich would affect any franchise given the new system by Saanich municipality, and Mr. Matson considered possibility of such a course no deterrent.

Reeve Crouch agreed that an extensive transportation system would vastly speed up development of Saanich.

### ASKS REFERENDUM

Mr. Matson expressed the desire that the council should submit his proposal for a twenty-year franchise to the people of Saanich by by-law, suggesting that an early referendum be taken, to enable him to proceed with negotiations for the large main line buses required for the urban belt line services.

"We all think this proposal will be a good thing for Saanich," said Councillor Stubbs, when reviewing prospects of endorsement by the ratepayers of a by-law.

### CHEQUE ACCEPTED

Mr. Matson tendered a certified cheque for \$12,500 in payment for the municipal Lake Hill bus line, said to be contingent upon approval of a by-law by the ratepayers of the Lake Hill district. The cheque was accepted by the Reeve as an evidence of good faith. The councillors were invited to inspect the arrangements made at the Broughton Street terminal to accommodate patrons and to handle purchases delivered by Victoria stores at the depot.

### LICENSE VALUED

Following the retirement of Mr. Matson, C. K. Courtney, representing the Empress Sightseeing and Taxi Co., said his principals had paid \$20,000 for the Flying Line, taking over equipment appraised at \$8,000. Apart from provision of new terminals, costly new machines have been placed on the route, and a new car is on order, to commence service this week. The investment in equipment being between \$55,000 and \$60,000. Nine round trips are now made daily, the fares being below the maximum allowed. This betterment had been undertaken on the strength of the Saanich municipal license, he said.

Geo. B. Fay of Pontiac, Mich., as a neutral traffic expert, pointed out that successful transportation is a natural monopoly. He urged that the council keep to the fore the need of permanence.

## ROYAL SOCIETY OF CANADA IS GIVEN \$25,000

Winnipeg, May 23.—The sum of \$25,000 has been placed at the disposal of the Royal Society of Canada, by the Carnegie Corporation of New York as the nucleus of an endowment fund. This was announced here yesterday by Sir Robert Falconer, president of Toronto University.

The money, he stated, would be retained exclusively for endowment purposes.

Referring to the convention of the society, Sir Robert said the endowment committee had given consideration to the possibility of raising an endowment that should enable the society to be somewhat independent. The Federal Government, he said, so far had contributed only \$6,000. Further assistance, however, was being sought. Sixteen new fellows were declared elected to fill vacancies in the council. They are: Sir Robert L. Borden, W. H. Boyd (Ottawa), R. H. Clark, Prof. J. S. Fawcett, Prof. D. C. Harvey (University of Manitoba), L. L. Stines (Saskatoon), George W. Scarth (Montreal), Stanley Smith, Albert Ferland, Rev. Father Hugolin, Oscar Klotz, B. R. Mackay, Rt. Rev. P. X. Ross, James Malcolm Swaine, W. Stewart Wallace and W. T. Waugh. Only the first seven were in attendance at yesterday's meeting.

Montreal, May 23.—A jury here yesterday returned a verdict of not guilty in the case of Charles P. McKay, Verdun chiropractor, charged with manslaughter in connection with the death of four-year-old William Murphy. It was alleged by the prosecution that through his faulty treatment and negligence the accused was responsible for the death of the boy, who died of diphtheria.

## POOLEY ALLEGES DISCRIMINATION IN WAGES SCALE

Sees Unfair Arrangement as Between Liberal and Conservative Ridings

That the Provincial Government recently raised the wages of road workers in some Liberal ridings of British Columbia but failed to increase the pay of similar workers in Conservative ridings in the same way, was the statement of R. H. Pooley, Conservative House leader, at a meeting at Metchesin last night.

Opening his campaign for re-election in Esquimalt, Mr. Pooley denounced the Government for what he called its unfair treatment of the men of Esquimalt and other Conservative ridings. While wages in some Liberal ridings had been increased by 25 cents a day, and workers were now being paid from \$4 to \$5 in some places, in Esquimalt, The Islands and other Conservative ridings wages now stood at \$3.50, he stated.

### RIDING NEGLECTED?

Mr. Pooley referred to the statement

For Sale by  
British Columbia Electric Railway Company, Limited, Victoria, B.C.

of Mrs. Ellen Smith, Liberal candidate, that she would look after "this neglected corner of the Province."  
"If it is neglected what Government neglected it?" he demanded.  
Joshua Hinchliffe, M.P.P. for Victoria, told the meeting of legislation enacted by the Conservative Government prior to 1916 in the interests of labor men.  
Colonel C. W. Peck, V.C., M.P.P. for The Islands, declared the Conservative Party was assured of success at the next election.  
W. O. Sweetman presided at the meeting.

## "What Mileage are you getting out of our Truck Tires?"

SOME men seem to knock a set of tires to pieces in a month or two. Others can travel the same roads, carry the same loads and cover the same distance, and yet make their tires last three times as long.

It's all in the way they drive, and the care they give their tires.

If you want to get every possible mile from your truck tires, make arrangements with a competent tire expert to make regular inspections after the trucks come in. The weekly "once over" by a man who knows his job will save you hundreds of dollars a year.

"Usconite" the greatest forward step in years in heavy service tire construction

The constant flexing of a heavy service tire under load generates heat which causes ordinary rubber to lose its vitality and tenacity. Tread and carcass separation result.

"Usconite" — the new rubber compound used exclusively in Dominion Heavy Service Tires — prevents this trouble. Even under high temperatures it remains tenacious and lively. Thus the tread holds fast to the carcass.

Get this greater mileage in Dominion Heavy Service and Motor Coach Tires. Only Dominion use "Usconite."

The ribbed-wall construction in Dominion Heavy Service and Motor Coach Tires is designed to withstand the wear of curb or rut on the side walls. "Usconite," the new rubber compound adds still greater mileage to these rugged tires. Read about it in the paragraph at the right.

Sports Programme Which Started To-day With Immense Display by School Children Will Reach Dizzy Heights To-morrow and Wind Up on Saturday; Baseball, Lacrosse, Rowing, Bicycle Riding, Foot Races, Boxing, Bowling and Rifle Shooting All on Programme of Exceptional Merit; Great Crowds Expected at All Events.

With the staging of the school sports at the Willows by the Victoria Public School Sports Association, and at Beaver Lake by the Saanich Public School Sports Association, the greatest three-day sports programme that the citizens of Victoria have ever had a chance to gaze upon got away to a flying start this afternoon. To-night, all day to-morrow and well on into Saturday night there will be a regular feast of sport. There will be every kind of dish and the tastes of every sportsman will be catered to.

The holiday spirit has seized hold of the sporting section of the city and unusual activity has been witnessed in an endeavor to give Victoria a three-day carnival that will satisfy everyone. It is hoped that the citizens will be liberal in extending their patronage to the various events so that there may be substantial receipts at the gate to meet the heavy expenses.

**MANY VISITORS**  
Outside athletes will be here in large numbers to meet the pick of Victoria. A football team is coming from Ladysmith, a basketball team from Port Alberni and another from Chemainus; a dozen of the best bicycle riders from the mainland; oarsmen from Brentwood; a lacrosse team from Seattle and some of the best boxers in the United States navy.

The competition between these visiting athletes and Victoria's best will be of exceptional spirit and interest.

## Lacrosse Game to Be Held To-night

The lacrosse game between the Oaks and School, holders of the British Columbia Junior championship, and the Canadian Puget Sound youngsters will be played at the Royal Athletic Park this evening at 8:30 o'clock. Everett Taylor will act as referee.

These youngsters play lacrosse as it should be played. Leonard Tait, president of the Victoria and District Lacrosse League, this morning, "Oaks" have a very sweet team, and the C.P.S. can be counted on pushing them to the limit.

## Ladysmith to Play Victoria

The only soccer game on the holiday programme will be played to-morrow afternoon at the Royal Athletic Park between Ladysmith, who last Saturday won the finals of the British Columbia football championship, and Victoria city. The kick-off will be at 3:30 o'clock.

This should prove a very attractive game for the soccer fans. Ladysmith now rank as the best team in British Columbia and will no doubt go a long way in the Connaught Cup series. Ladysmith will have Tait in goal and F. Strang and Thompson at full-back. Wargo, Holliday and Heape will be on the half-back line, and Spruon, Kulai, A. Strang, Hallman and Minto as the forwards.

Victoria City will line-up as follows: Davies, Shanks and Campbell, White, Preston and Crowe, Taylor, Cameron, Bissell, Smith and Clancy. Reserves, White, Tawer and Gibson.

## Two Ball Games With Outsiders

Baseball fans will be well looked after to-morrow. The Victoria Capitals will play two games at the Royal Athletic Park, one in the morning and another in the evening against Upland clubs.

At 10:30 o'clock, the Capitals will be pitted against Chemainus in what promises to be a hard-fought game. On Sunday the Caps journeyed to the Up-land centre and suffered a 7-6 defeat at the hands of the millionaires. Now they are out for revenge.

Norm Forbes has been selected to take the mound for the locals against Chemainus. This will be his first appearance this season in the box. Bill More will attend to the catching duties.

Stickney or Robinson will pitch for Chemainus and both boys are first-class chuckers. Stickney, a left-hander, has plenty of smoke while his benders are elusive and hard to hit.

**REGULAR FIXTURES**  
Both games to-morrow will be regular league fixtures and the Caps want two victories which would give them the leadership of the south section.

In the evening fixture, which starts at 6 o'clock, the locals will be opposed by Port Alberni. Very little is known about this club but rumors have filtered down that they have a formidable team. Maxwell, one of the star

## PAYNE SEEMS PRETTY SURE OF WINNING

With But Four More Days' Hoofing Leader Still Has Fifteen-hour Lead

Liberty, N.Y., May 23.—A comparatively short jaunt of thirty-seven miles to Middletown, N.Y., was the task of C. C. Pyle's transcontinental foot racers on their eighty-first lap to-day.

With only four more days of running Andy Payne, Claremore, Okla., still held a lead of more than 15 hours over his nearest rival, John Salo, Passaic, N.J.

Salo finished second in yesterday's 59.1-mile lap from Deposit, N.Y., to Liberty, cutting another half-hour from Pyle's advantage. Salo's time was 10 hours, 57 minutes, 35 seconds, giving him an elapsed time of 564.09.11 for the 3,289.4 miles from Los Angeles.

Payne took fourth place yesterday in 11:45. His elapsed time was 548.33.36. First honors for the trek from Deposit to Liberty went to the Italian, Guido Umek, who covered the distance in 9:57.45, nearly an hour ahead of Salo. Umek holds fifth place in the standing.

Frank von Flue of Kerman, Calif., kept up the fast pace he set for the last few days by finishing third in 10:57.49. This performance lifted him to ninth place in the standing, displacing John Cronick of Saskatoon.

The twelve leaders and their elapsed times are as follows:  
Andrew Payne, Claremore, Okla., 548.33.36.  
John Salo, Passaic, N.J., 564.09.11.  
Phillip Granville, Hamilton, Ont., 589.44.23.

Mike Joyce, Cleveland, 601.10.05.  
Gustavo Umek, Trieste, Italy, 617.03.33.  
Louis Perrella, Albany, N.Y. (not reported).

William Kerr, Minneapolis, 623.22.53.  
Ed Gardner, Seattle (not reported).  
Frank von Flue, Kerman, Calif., 643.53.03.

John Cronick, Saskatoon, Sask., 642.00.02.  
Harry Abramowitz, New York, 654.18.34.  
Roy McMurtry, Indianapolis, 654.47.57.

## HOLDERNESS ELIMINATES CALIFORNIAN

John McHugh Defeated in British Amateur Golf Championship 2 and 1

Jameison and Lang, Young Glasgow Champion, Among Winners at Prestwick

Prestwick, Scotland, May 23.—Sir Ernest Holderness, former champion, eliminated John McHugh of California from the British amateur golf championship to-day, 2 and 1.

McHugh, a former champion, joined the N.Y.U. track squad early in the summer of 1926. Coach Von Elling picked him as a half-mile, but decided that he lacked endurance, and sent him over the longer routes.

Edward Blackwell eliminated E. C. Millard of London, 5 and 4.  
J. A. Lang, twenty-two-year-old Glasgow amateur, defeated Charles Heisel, a former champion, 2 and 1.

T. T. Henderson, of the Dundonald Club, Ayrshire, defeated Harry Brower, Paris, France.  
Douglas Grant, London, defeated Gordon Simpson, of the Royal and Ancient Club, 3 and 2.

## McDUFFY

By BARRIE PAYNE

WHY IS IT?  
WE WILL SPEND HOURS LOOKING FOR A GOLF BALL AND NEVER COMPLAIN

Thirty-five entries have been received for the bicycle races to be staged to-morrow afternoon at the Royal Athletic Park, starting at 2:30 o'clock under the auspices of the Victoria Cycling Club.

Of this number seven riders will be Vancouver riders, including Jim Davies, Don Sutherland, Leo Marchiori, M. Irving, S. Dowling, D. McCreedy and C. Davies. This is a strong contingent and the Victoria stars will have to be right on their toes if they hope to keep the silverware from journeying over to the mainland.

Victoria will be without the services of their star rider, "Big Bill" Peden, who has left for the East in search of honors in the Canadian Olympic trials. He will be sorely missed to-morrow by the Victoria team.

Six races have been arranged with three open events, the one mile open, the Victoria team.

## Born In British Guiana, Educated In U. S. He Will Run For Canada At Amsterdam

By M. M. ROBINSON  
Chairman Track and Field Committee, Canadian Olympic Committee.

Britain's far-flung battle line breaks into many composite units when the Olympic games roll around every four years. Then it is not a case of the lion and her cubs facing the world, but rather of the lion and her cubs fighting for themselves in the scramble for athletic supremacy of the world.

A rare instance of this is found this year in the case of Phil Edwards, a native of British Guiana. Phil is a British subject, a son of a native magistrate on that little bit of British soil on the northeast corner of the South American continent.

Two years ago he had exhausted the educational facilities of his homeland and, after a short stay in England, enrolled in the University of New York for the purpose of taking a course in economics and accountancy. With some reputation as a runner in British Guiana, Edwards joined the N.Y.U. track squad early in the summer of 1926.

Coach Von Elling picked him as a half-mile, but decided that he lacked endurance, and sent him over the longer routes. Edwards was a member of the United States National team in 1927, and then started in a half-mile race at games open only to the university. He barely failed to break two minutes in that race.

The indoor season of 1927 saw him do some fast running, but he really hit his stride in the outdoor runs, when he started to show fast times in games around New York. He won the National A.A.U. junior 800 title in better than 1:55, and chased Ray Watson to the tape the next day in the senior sections. Watson's time was better than 1:54, and Edwards was not a foot back of him.

He broke the Canadian 1,000 record at Toronto in September, displacing Watson's mark of 2:15 by 2:13, chased the great Lloyd Hahn at the Brooklyn indoor games, when Hahn ran a half-mile in 1:53, just beating Edwards in the last few yards; won every 600-yard race in which he competed, and finally, at Hamilton, this Spring, set a new Canadian record of 1:13 for the 600-yard indoor and a mark of 50.4-5 seconds for an indoor quarter mile. In running the 800 yards in 1:13, Edwards was but 12-5 seconds slower than Alan Heifrich's world record.

According to no less an authority than Hahn, the colored boy from British Guiana, is one of the greatest of the new stars discovered in the past year. He will be one of Canada's best.

## RICKARD MAKES A FEW DOLLARS

Mandell-McLarnin Fight Not Financial Loss For Promoter, After All

New York, May 23.—Instead of a deficit, Tex Rickard has been agreeably surprised to find out that he made a profit of about \$20,000 on the Sammy Mandell-Jimmy McLarnin light weight title bout.

Revised figures said Rickard showed that 20,410 fans paid to see the bout. Gross receipts of \$152,584, far short of the \$250,000 the promoter expected, was the result. After deducting federal and state taxes, the receipts were \$130,964. Mandell received \$40,111, or thirty-seven and one-half per cent, and McLarnin \$18,570 or twelve and one-half per cent. Other expenses left \$20,000 as clear profit, the promoter said.

## OUR MAIL BAG

To the Sports Editor.—On behalf of the Washington Pulp and Paper Corporation baseball team, I wish to extend to Victoria our hearty thanks for the splendid treatment received by us in Victoria. We hope that in the near future we may meet again and assure you and the ball fans of Victoria that we will at all times try to give our best.

Again thanking the Victoria Capitals' officials, players and fans of Victoria, I remain  
P. C. ADAMS, Captain.

## Helen Wills And Partner Beaten In Net Doubles

Auteuil, May 23.—Helen Wills and Penelope Anderson were eliminated to-day in the first round of the women's doubles of the international hard court tennis championships, when they were defeated by Suzanne Dove and Madame La Faurie, 3-6, 7-5, 6-4.

Miss Wills and F. T. Hunter remain in the running for the mixed doubles title, reaching the third round by defeating the Anglo-French team of Miss Joan Fry and Christian Bousais, 6-2, 6-7.

## Cincinnati Move Into Lead Again As Chicago Lose Third Straight Game

Leadership of National League Once More Changes Hands; St. Louis Cardinals Slip to Fourth Place When Giants Move Up; Philadelphia Athletics Travel Eleven Innings Before Eddie Collins Makes Hit That Brings Victory; Mostil Ties Record.

After establishing a season's record for winning streaks when they ran up a string of thirteen straight, the Chicago Cubs lost their third straight game in a row yesterday, St. Louis taking a 3-2 decision at the Mound City.

This defeat of the Cubs, coupled with Cincinnati's 5-4 victory over Pittsburgh, put Cincinnati back into first place.

The New York Giants moved into third place, while St. Louis dropped back to fourth, the intricacies of the percentage system accomplishing this despite the fact that both clubs turned in victories. Rottger's single in the eighth inning gave the Cardinals the run that spelled defeat for the Cubs. Hack Wilson got his third home run in two days and his ninth of the season.

## Ruth Ahead of Schedule But Gehrig Behind

New York, May 23.—Babe Ruth, the Sultan of Swat, is coasting along eight games ahead of the pace he set last year to establish a new home run record of sixty for a season.

The Bambino blasted his thirteenth homer of the current campaign yesterday as the Yankees rushed the Red Sox under a 14-4 score. Ruth's smash traveled into the left field grandstands, a spot usually safe for the Babe's prodigious drives. Homer No. 13 came in Ruth's thirty-first game. Last year he hit his thirteenth in his thirty-ninth game on May 28.

Lou Gehrig, off to a slow start this year, matched Ruth's homer with one of his own—his seventh of the season. "Colonel" Gehrig had nine to his credit at this time last year.

The first five members of the "Big Six" sealed downward in the averages yesterday while Harry Heilmann, in the cellar, added just one point to his mark. Rogers Hornsby, tied for the lead with Paul Waner for a day, dropped one point further than his Pittsburgh rival, who thus returned to the lead.

The Yankees smacked two Boston pitchers for twenty-two hits and thirty-eight bases, but Ruth connected only once for his thirteenth homer.

The standing to date:  
G. A. B. R. H. P.  
P. Waner, Pirates... 35 130 27 48 369  
Rogers, Braves... 30 108 22 39 368

## GRAHAM MEETS FLYWEIGHT BOY

Midget Scrapper Enters Ring To-night Seeking 118-Pound Title

New York, May 23.—With recognition as bantamweight champion awaiting the winners, Bushy Graham, Utica, N.Y., batter, and Izzy Schwartz, state flyweight champion, clash over the fifteen-round route at Ebbets Field, Brooklyn to-night.

Holding a decisive edge physically, Graham is an odds-on favorite to batter his tiny rival into defeat and win recognition as king of the 118-pounders from the National Boxing Association and the New York State Athletic Commission.

Much smaller in every way, Schwartz is a bantamweight, having won his title by a double title by the fact that under the commission rules he must make his flyweight class limited of 112 pounds. Graham probably will scale close to the bantamweight limit.

## Willing Is Leader In Oregon Tourney

Portland, Ore., May 23.—Dr. O. F. Willing, of the Waverley Country Club of Portland, led the field of qualifiers in the Oregon state golf championship tournament to-day with a score of 146 for the thirty-six holes. Tom (Babe) McHugh of Seattle, trailed Willing closely with a card of 148, and behind McHugh was Don Moe, Alderwood Country Club (Portland), with a score of 152.

Dr. Willing, former Oregon state champion, was low medalist in a field of 102 golfers. With so large a field of competitors, some had not completed their second round by sundown. Willing completed the morning round in 74, and shot a 72 in the afternoon. McHugh had a 74 card for each round, while Moe shot 76 on both courses.

## Open Subscription List to Send Royal Team to Olympics

New Westminster, May 23.—A subscription list will be opened immediately to raise funds to send the New Westminster lacrosse team to the Olympic Games. It was decided at a meeting of the New Westminster Lacrosse Association here last night. The list will be in charge of "Grumpy" Spring, manager of the team. The Royals Club, at its luncheon yesterday, endorsed the proposal of the British Columbia Lacrosse Association that the Provincial Government should give a grant to the team to cover expenses of the trip.

## French Doubles Team Score Win

Auteuil, May 23.—Penelope Anderson, American tennis star and her English partner, George Rogers, were eliminated in the first round of mixed doubles of the international hard court championships to-day by Madame La Faurie and Louis Thurneyson of France, 6-4, 4-6, 6-4.

## M'GRAW'S LEG FOUND BROKEN

New York, May 23.—Examination under an X-ray to-day revealed two breaks in a small bone in the leg of John J. McGraw, who was struck by a taxicab in Chicago recently.

The Giant manager will remain at his home in Pelham through the Brooklyn series, but expects to return to the team when it comes back to the Polo Grounds on Friday. McGraw's leg was placed in a plaster cast to-day. He will be forced to use crutches for several weeks.

## MANY ATHLETES FROM OUTSIDE POINTS HERE TO STIR COMPETITION

## Many Runners in Five-mile Canter

The opening event on to-morrow's sport programme will be the five-mile race to be held at the Royal Athletic Park, commencing at 9.45 o'clock. The race will be run around the track, which is a quarter of a mile long. This means the runners will have to do twenty laps.

The Y.M.C.A. will be well represented, having entered five runners, including: Finnmore, Flowman, Carey, Frank Aldous and George Aldous.

G. Howard, winner of this year's eight-mile road race, has entered.

R. Kersey of the B.C. Lake Athletic Association, will also compete, as well as two runners from the Princess Pats. Another entry will be Homer of the Equinuit Football Club, who will be making his first appearance against local runners.

## Riflemen Have Two Busy Days

The Victoria and District Military Rifle Association will hold its mid-week shoot to-morrow morning. All those with cars are asked to meet at the corner of Yates and Douglas Streets at 8.15. Shooting will start at 9 o'clock at 200 yards.

The team to represent the city against the U.S.S. Pennsylvania in a match on the afternoon of May 25 has been selected as follows: Sgt. A. E. Ashe, Sgt. H. W. Burton, Master Gunner H. Collins, Lieut. D. Fyvie, Sgt. J. H. Regan, Sgt.-Maj. W. H. Ruffell, Capt. W. E. Tapley, C.S.M.I. W. H.

Woods. Major F. Richardson will act as coach.

The annual match for the Fiftieth Gordon Trophy will be shot on Saturday afternoon. Entries so far have been received from the Royal Canadian Navy, the Garrison, the Fifth Regiment, B.C.B.R.A. and the Canadian Scottish. Teams will consist of eight men and a coach, and Kalspore condition will apply.

## Duncan Bowlers Here for Games

A tournament of Greater Victoria lawn bowlers will be held to-morrow. Two rinks from Duncan will compete with two from the Victoria Club on the Beacon Hill grounds at 10 o'clock.

In the afternoon the visitors will meet Burnside on the latter's home green.

At 4 o'clock a general rink competition, to which all Greater Victoria players are invited, will be held on the Victoria greens. The hour has been fixed for later than usual on account of the parade.

Following are the Victoria rinks selected to meet the Duncan team: P. R. Escham, C. Collinge, R. V. Mills, H. Renwick (skip).

A. T. Broderick, C. P. Dawson, G. V. Greenhill, Jas. Munroe (skip).

## O.C. CRICKET

London, May 23.—Owing to persistent rain the cricket match between the Marylebone and the touring West Indians at Lord's yesterday was abandoned.

As only a few hours' play had been possible, matches between Yorkshire and Sussex at Hull, Somerset and Derbyshire at Chesterfield and Surrey and Essex at the Kensington oval, they will not be counted in the championship.

Kent won their match from Northamptonshire at Northants by an innings and 69 runs. Scores were: Kent, 452 for 7 declared; Northants, 150 and 235.

Lancashire defeated Warwickshire at Nelson by 176 runs. Scores: Lancashire, 204 and 215 for two wickets declared; Warwickshire, 107 and 136.

Nottinghamshire got a credit for a first innings' win from Leicestershire, the scores being: Nottingham, 203; Leicestershire, 144.

Hampshire, who have been playing Worcestershire, also got a first innings' win. Scores in this match were: Worcester, 244 and 134 for 6 wickets; Hampshire, 239.

The match between Oxford University and Gloucestershire at Oxford was drawn, final scores being: Gloucester, 340 and 182 for 2 wickets declared; Oxford, 315 and 44 for 2 wickets.

## Dalhousie Girls To Play Edmonton

Halifax, May 23.—Ex-Dalhousie girls, basketball champions of Eastern Canada, will leave Thursday for Edmonton to play two games on May 31 and June 2 with the Edmonton Grads for the championship of Canada and the right to go to the Olympic games.

## FEROCIOUS FINISH

Seattle, May 23.—After taking a beating from the lightning fists of Leslie (Wild Cat) Carter, flashy Seattle negro featherweight, for three rounds, Ritchie King, of Los Angeles, staged a ferocious but unsuccessful comeback in the sixth and final round of their fight here last night.

The decision was Carter's second victory over the blonde Californian.

## Crocker Plays Toba Wright Tackles Ohta

Canadian Davis Cup Team Faces Japanese in Opening Singles Matches on Montreal Courts To-morrow; Doubles Will Be Played Friday and Two Final Singles on Saturday.

Montreal, May 23.—The draw for the opening singles matches in the Davis Cup tennis round between Canada and Japan was made to-day at the Mount Royal Tennis Club.

In the first singles match to-morrow afternoon at the Mount Royal, Willard Crocker, Canada, meets Teiso Toba, Japan, while in the second match, Jack Wright, Canada, meets Yoshiro Ohta, Japan.

The doubles take place on Friday afternoon, with the final singles matches being played Saturday.

## SOFTBALL Jimmy Lyall To Appear in Ring Here on June 2

Fred Richardson of the Tillikum Club wired from Seattle this morning that he had signed Jimmy Lyall of Seattle, 160 pounds, to meet Jimmy Lyall of Victoria, 175 pounds, for the main event of a boxing card to be staged here on June 2.

The association has done most of his fighting in Seattle, has come along fast of late. Miller is reported to be a crafty ringman.

## Open Season For Game Discussed

At a meeting of the Victoria and District Fish and Game Association held last night the question of open season was discussed. The meeting finally decided to recommend to the Provincial Game Board the following dates: Deer season from September 15 to November 30; pheasants, October 15 to November 30; blue grouse, September 15 to October 31; willow grouse, closed season; partridge, November 15 to November 30.

The association had a letter from the Malahat Board of Trade asking for a restriction of trout fishing in Millstream and Shawinigan Lake but it was felt that the dates should be uniform all over the island.

Stricter methods were advocated for the protection of fish at the two lakes at Prospect Lake. It was pointed out that trapped fish were being taken at the ladders and the association wants the practice stopped.

## Speaker and Miller Are Almost Better

Philadelphia, May 23.—Tris Speaker and Bing Miller, athletic outfielders injured in Monday's game with Washington, are expected to be in harness Thursday when the Mackmen clash in a double-header with the New York Yankees.

Another examination yesterday revealed Miller has only leg bruises and Speaker painful bruises on the left arm and shoulder.

The players collided while chasing a fly ball.

## WILDCATS WHIPPED

Robertson Rangers yesterday trounced Wildwood Wildcats by 43 to 9 in the series of juvenile baseball games being staged in the Poul Bay district. Struan Robertson, nine runs; Leslie Bridge, six runs; Art Brown, eight; Percy Sands, six; David Warner, six; Ken Lawson, two; Tony Hope, four, and Clark Moses, two scored the runs for the victors. Douglas Whyte, captain, two runs; Colin Turner, one; Jim Purdie, two; Ken Jones, one; Roland Campbell, Jack Harrison, one, and Alec Merriman, one, scored for the losers. Maurice Coworth, Bill Thomas, Fred Johnson and Forester Jackson completed the Wildcats' team.

## HORSE RACING

New York, May 23.—E. M. Beyers's four-year-old gelding, Social Mug, made five victories in a row yesterday when he annexed the Hollis claiming stakes, \$5,000 added, feature at Belmont Park. The son of Brown Prince II, Select Shot, had won his last four races at Pimlico. Quoted at 5 to 1, Social Mug breezed through a fine field of springers to win by a length and a half, covering the six furlongs in 1.13. Kenrietta Wildair was second and Mordine third.

The American Federation of Musicians puns one mile and a sixteenth, feature at Churchill Downs, was captured by Hal Price Headley's Helen's Babe with Lancer second and Colonel Shaw third. Helen's Babe negotiated the distance in the good time of 1.44 2-5, and beat Lancer by four lengths. Colonel Shaw's bid for the place failed by only a nose.

Solace accounted for the Woodstock Plate, \$5,000 added, for three-year-olds, the chief attraction at Woodbine Park. Soult was second and Bigot third. The winner covered the mile and one-sixteenth in 1.47 3-5.

## Heavy Rain Hurt Olympic Matches

Amsterdam, May 23.—Steady rain that turned the playing field into a swamp and prevented any show of speed, took all the thrill from their matches in the Olympic field hockey competition yesterday.

Even the crack India team, overwhelming favorite to win the championship, attracted little attention, beating Switzerland six goals to none. Belgium shut out Australia 4 to 0, in a dull match, but there were brilliant moments for both teams when Germany beat France, 2 to 0. The Teutons were forced to the limit in the rain and mud to batter down the stubborn French defence.

## Miss Schwengers Wins

Miss Dorothy Schwengers won the class "A" monthly bogey round at the Colwood Golf Club yesterday, finishing five down. Mrs. B. C. Richards was the winner in class "B" being two down.

## Bobby Jones On Golf

POSITION OF GOLFER AT MOMENT OF IMPACT ONE OF CONSIDERABLE TENSION

Recently I received an inquiry from an enthusiast asking for some further elucidation upon my conception of the position of the golfer's body at the instant the ball is struck. My correspondent points out that I have said that "staying back of the ball" caused me to hook, whereas an eminent writer on the game says that "the main difficulty between star players and ordinary players is that the best golfers stay back of the ball as they hit."

I do not like to embark upon technical discussions when there is danger of failing to make my meaning clear, and I am afraid that the attempt to reconcile these two statements is apt to carry me into uncertain ground. Nevertheless, I am convinced that, if we view properly the idea sought to be conveyed in each case, the two will be seen to be not in the least inconsistent.

In the first place, "staying back of the ball," as I used the expression, was intended to have nothing to do with the geographic location of my body with the respect to the ball. In fact, I was assuming that I had addressed the ball opposite my left foot as I always do. I intended to express the idea that I was holding my weight back instead of allowing a free body turn and permitting my hips to slide into the shot.

What we know as "sway" has, I think, nothing to do with the actual action of the hips. A slight forward shift of the hips and knees, I feel, is necessary in order to deliver a relaxed, well-timed blow. But that does not mean that there is any movement forward or backward of the head and shoulders. Indeed, I think there should be none, for, if it takes place, the result is bound to be the upsetting of the balance and poise of the body, which is the first requisite of an accurate stroke.

Now, I think that when the writer quoted advised staying back of the ball, he had in mind the habit prevalent among poorer players of slumping forward with shoulders, hips and legs, omitting entirely the turn, or pivot, and literally hurting themselves at the ball. Moving the shoulders forward in this way advances the pivotal point of the stroke so far that the player, in order to strike the ball in any direction except straight downward, must reach back to get it. He has thus consumed uselessly all the power he could have drawn from a correct body action, and, as he goes back for the ball and hits it, his balance has been so far upset that, in order to remain on his feet, he must throw his weight backward as he brings the club through.

I have no such concern. I had the ball in a place where I could hit it comfortably and powerfully. I had brought my club down in good style, but, at the moment when I should have let go and hit the ball, my body suddenly tensed and I whipped the

club through with wrists and arms. There has been a deal of speculation as to the position at impact relative to that at address. Motion pictures have shown that the two are not at all similar. In the first place, when the ball is struck the left hip has turned back from the top of the swing a good bit past the position at address, and the left leg, instead of being comfortably straight or slightly flexed, is braced solidly. The right leg also has straightened and is a firm foundation from which the player can "shove off" when he is ready to hit. The position at address should be perfectly relaxed; the position at impact, when every ounce of power in the stroke is being expended, must be one of considerable tension. One cannot be relaxed when exerting a tremendous force. The trick in golf is to be relaxed at all other times.

## "Y" Athletes To Compete in Meet At Nanaimo City

Archie McKinnon, physical instructor of the Y.M.C.A., will leave to-night at 6 o'clock with a field and track team to take part in the big sports programme being staged to-morrow at Nanaimo.

Last year the "Y" team journeyed up-island and carried off the majority of the silverware.

The athletes who will make the trip are as follows: Bill Oliver, Frank Skilings, Cyril Connorton, Art Thornton, Bill, C. Copeland, Bill Crothall, A. Smith and C. Cunningham.

## Philadelphia To Be in Big Hockey

Montreal, May 23.—A report reached here yesterday from Philadelphia stating that the special committee of the National Hockey League had finally accepted the Quaker City into the major league circuits.

The report adds that President Calder, Charlie Hughes, head of the Detroit Cougars, and Col. Hammond, Ranger president, the special committee appointed to investigate the situation in Philadelphia, had been in conference with interests bidding for the Pittsburgh franchise, and decided that prospects for big league hockey there were good.

## HOSPITAL TO BE ENLARGED

### West Coast General Hospital Serves Big Territory

The West Coast General Hospital, located in Port Alberni, provides modern hospital services for the whole of the west coast of Vancouver Island. The institution is a spacious frame structure, erected in 1912 with funds provided by the Provincial Government and by public subscription, the site being donated by the Alberni Land Company. The first private subscription to the hospital was given by the late Hon. William Sloan. R. J. Burde was organizer and treasurer at that time.

The hospital was opened in 1912 by Hon. Dr. H. E. Young, Provincial Secretary and now secretary to the Provincial Board of Health.

Rail communication was not yet completed to the Alberni and the distinguished party of political and medical leaders found the journey over the mountains a memorable experience.

The West Coast Hospital executives are now preparing for a substantial enlargement of the buildings. Plans have been approved by the Provincial Government and work on the new wing is expected to be commenced shortly. George S. Pearce of Port Alberni has been executive secretary for many years and is generally credited with the success of the institution.

## NEW CITY HALL TO BE BUILT

### Port Alberni Will Have Hand- some \$10,000 Municipal Offices This Summer

Construction is to commence immediately upon a new city hall to be erected on Argyle and Fifth streets in the business district. The ratepayers of Port Alberni recently passed a money bill authorizing the loan of \$10,000 for a new city office building, and plans have now been approved for a one story frame structure to house the civic offices, police department and fire-fighting apparatus.

The city administration this year consists of Mayor John A. Kendall and Aldermen E. Homebrew, J. Mulcahy, F. G. Weaver, D. H. Bird, Arthur Turner and C. McLean Fry. The School Board is composed of Mrs. H. J. Hanna, Mrs. L. B. Jones, Mrs. C. A. Manning, H. A. Hanson and H. P. Strain.

City Clerk E. J. Cronk was appointed in 1922, when he took over from R. F. Blandy, who had held the office from the incorporation of Port Alberni in 1912. Mr. Blandy is now clerk to Oak Bay Municipality. Clerk Cronk now has two assistants in the city hall, due to the progress of the municipality. When he took office he also acted as city constable, in addition to being secretary to the school board. City Clerk Cronk has had a colorful career in the Royal Canadian Mounted Police as sergeant and with the Canadian forces overseas as Company Sergeant Major.

Alberni has two police officers, Chief Constable Fred Potter being an ex-member of the Metropolitan Police of London, England. Ex-Corporal Harry Small of the Royal Canadian Mounted Police is the second officer.

## Toronto Wants Book Censors

Toronto, May 23.—A conference was held here yesterday between publishers, literary men and officers of the Toronto police department, including Chief D. C. Draper, to consider the viability of the appointment of a committee to censor books, magazines and other periodicals against which complaints are made to the police.

After discussing the problem, it was decided to communicate with the Federal Government and ask it to select a committee to act for all Canada. In the event the committee is appointed, this action an effort will be made to appoint a committee here.

The United States and England contribute most of the periodicals complained of, according to the local police.

## ANTI-WAR PACT PLANS ADVANCED

London, May 23 (Canadian Press Cable).—Frank B. Kellogg, Secretary of State of the United States, has paid the Dominions of the British Empire a pretty compliment in officially communicating to each of them the United States proposal for a treaty for the renunciation of war before approaching the minor powers in Europe, says The London Daily Telegraph. "Of course the position of the Dominions is different from that of European powers. On all big international issues and great international conferences since 1919 the British Empire has been represented by an Empire delegation, including delegations from all the Dominions."

"Still, Mr. Kellogg's gesture indicates a regard and friendship for the Dominions which they and the Empire as a whole can not fail to appreciate."

## POLES IMPRISON THIRTY-SEVEN

Warsaw, Poland, May 23.—The district court at Vilna to-day gave a verdict of guilty against four deputies and thirty-three others accused of treason. There were fifty-six defendants; the other nineteen being acquitted.

All were charged with conspiracy to detach the northeastern districts from Poland and unite them with Soviet Russia as an autonomous communist republic.

The four deputies were sentenced to twelve years' penal servitude each. The others who were convicted were given terms varying from three to eight years.

The average wholesale value of the motor vehicles produced in 1927 was \$1,166.37. The average wholesale value of those produced in 1927 was \$714.44.

Investigation has shown that the average man's greatest ability to learn is at the age of twenty, and thereafter declines very slowly.

You are cordially invited to attend the Boy Scout Garden Fete on Saturday afternoon next from 3 to 6, at the Government House grounds.

## DR. H. JOHNS TO LEAD DENTISTS

The annual meeting of the Victoria Dental Society was held Tuesday, in the Medical Library, Dr. J. C. Foote presiding. Election of officers took place as follows: President, Dr. H. Johns; vice-president, Dr. H. Henderson; secretary, Dr. S. Youden; treasurer, Dr. A. Webster; executive committee, Drs. J. C. Foote, W. J. Russell and A. J. Thomas. Dr. J. C. Foote, the retiring president reviewed the activities of the society during his term of office and thanked the officers and committees for their support. On taking the chair, Dr. Johns expressed his thanks for the confidence shown and outlined the policy for the ensuing year, which will include an outdoor gathering of a social nature before the resumption of activities in the fall.

The members of the Schnabel Club entertained their friends on Monday evening with a progressive table games party. Mr. and Mrs. L. B. Noel, 23 Linden Avenue, kindly loaned their home for the occasion and over fifty guests enjoyed the evening's amusement. The winners of the various contests were Miss Howell, Miss McGee and Messrs. Hebdon, Welsh and Hammond. Mr. and Mrs. Atwell won consolation prizes. During the evening, a presentation was made to Mr. Frederic King, the conductor of the Schubert Club, by the president, Mrs. William Ellis, and a pot of flowers was presented to Mrs. King. After supper an informal musical programme brought the evening to a close.

## NEWS IN BRIEF

Owing to the holiday to-morrow (Thursday) no meeting of the Victoria Independent Theosophical Society will be held. The usual lecture will be given on Monday at 8 p.m.

"An Optometrist's Talk to the Blind," is the subject of an interesting radio talk—one of a series on the care of the eyes, by Joseph Rose, optometrist—over radio station CFCF this evening at 8.30 o'clock.

An illustrated lecture on "The Great Pyramid and Its Symbolism and Divine Message" will be given by E. E. Richards in St. Luke's Hall, Cedar Hill Road, at 8 o'clock to-night. The lecturer, Rev. S. H. Ryall, B.A., will take the chair.

Dr. A. F. Barton will deliver another of his popular health lectures this evening at 8 o'clock in the New Thought Temple. His subject will be "Spring Cleaning," and the lecture will be followed by demonstrations of "trilogy."

One of the holiday attractions which will prove popular with those who wish to conclude the celebrations to-morrow with dancing will be the C.F.R. Social Club dance at the Empress Hotel starting at 9 o'clock and ending at 1 o'clock.

Charged with a statutory offence, Fran Corin failed to put in an appearance at the City Police Court this morning and his \$500 bail money was ordered forfeited. A warrant has been issued for his arrest. W. C. Moresby appeared in court this morning as counsel for the accused.

Victoria is featured in the recent publication of the Pacific Northwest Real Estate Builders' Association. The front page is given up to pictures of the Empress Hotel and Crystal Garden and reading matter on places of interest about the city. The rest of the publication shows pictures of Victoria and up-Island scenes, and deals with the excellent fishing and golfing to be had in the different resorts.

The Tuberculous Veterans Section, B.E.S., will hold a special general meeting in the club room, Yates and Langley Streets, on Friday, May 25, at 8 p.m. Com. Macneil, the B.C. provincial secretary, will address the meeting on matters of interest to all visitors. Will members and also members of the ladies' auxiliary please make a special effort to attend.

At a meeting of Ward Two Saanich Cottage Gardeners' Society, held last evening it was decided to hold the twelfth annual exhibition at St. Mary's Hall, Bolekine Road, on Saturday, August 18. The prize lists will be ready in about a week's time and may be obtained from the secretary, W. Llewellyn, 3710 Saanich Road, Councilor William Graham, 3333 Tennyson Avenue, or from the stores in the district.

Mrs. R. Stewart of Esquimalt, who suffered a broken collarbone in an automobile accident yesterday afternoon on the Sooke Road, near Hatley Park, is resting easily in the Jubilee Hospital to-day. She was knocked down after alighting from a stage by a car driven by P. B. Frew, a visitor to Victoria. She was later taken to the Jubilee Hospital and attended by Dr. E. W. Bock.

Paying in full, or on the installment plan, 1,387 ratepayers have deposited the sum of \$301,194 on account of 1928 taxes. The city treasury to date since the first of the year, interest sums of \$11,690 will be paid to the subscribers of the plan on this amount, instead of to the bank, as in former years. The voluntary system of tax pre-payment is now in its sixth year and is working to an increasing success. The city allows six per cent on deposits up to within a month of the due date of tax collection.

## CITY SWIMMERS IN NEWS FILM

### Hudson's Bay Aquatic Experts on Capital Sheet This Week

The Pathé weekly news film being shown this week at the Capitol Theatre includes an animated presentation of aquatic stunts by Victoria employees of the Hudson's Bay Company store. The pictures were taken at the Crystal Garden a few weeks ago when about sixty bathing enthusiasts from the big department store attended for the special purpose of arranging a programme for the benefit of movie picture fans all over the continent. The events depicted include a bathing beauty parade, fancy diving, the "ocean roll" and many other interesting features. The Hudson's Bay Company employees are to be commended for their enterprise in providing this unique and valuable piece of publicity for Victoria.

## WILLIAM T. PYE DIES AT RIPE AGE

### Was Well-known Writer of Verses to Many Celebrities

William Thomas Pye, well known in Victoria for nearly twenty years as a writer of verses, and a familiar character to many residents, passed away last evening after an illness of two months at his residence, 971 Cloverdale Avenue.

The late Mr. Pye was born in London, England, eighty-seven years ago. He came to Hamilton, Canada, in 1898, where he pursued his trade of painter. Eighteen years ago he came to this city and for some years was engaged as night watchman at the Court House, retiring on a pension. For many years he was a friendly and popular figure among his friends. Many of his verses were dedicated to royalties and among his treasured collection of souvenirs were autographs of kings and queens, prime ministers, admirals and the other celebrities. One of his most recent acquisitions was a handsome autographed photograph of the Queen of Rumania, sent by Her Majesty in recognition of verses of greeting written by the aged man on her visit to the coast two years ago.

He is survived by two sons, William A. J. and James, and a daughter, Mrs. J. Smith, of Thorold, Ontario.

The funeral will be held from the B.C. Funeral Chapel on Friday, at 2.30 p.m. Interment will be made in Rose Bay cemetery.

## OBITUARY

There passed away this morning at the family residence, 1737 Haultain Street, Samson Yalland Graham, aged fifty years, and a native of Prince George, B.C. He was married to Mrs. Yalland and has a son, Yalland, and a daughter, Yalland, both of whom are residing at the Thomson Funeral Home, 1625 Quadra Street, from where the funeral will take place on Saturday afternoon's boat to Vancouver en route to Unity, Sask., where funeral service and interment will be made.

Funeral services were held yesterday over the late Doris Jones, who passed away on May 19, Mr. O'Neil conducting the services at the family residence, 2658 Avebury Avenue. Among the many friends attending the service were a number of Girl Guides with Mrs. David Swan, captain of the First East Victoria division, and Miss Hilda Leighton, divisional commissioner. Interment was made at Ross Bay Cemetery with the following as pallbearers: A. McKerscher, A. Hackett, T. Hackett, H. Vaino, B. Brown and W. Slater.

The funeral of the late Thomas Luscombe, who passed away May 18, was held yesterday afternoon, May 22, at the S. J. Curry and Son Funeral Home. There was an unusually large number of sympathizing friends present, and the service was conducted by the Rev. Dr. W. J. Sippell officiated at the service, during which the hymn "Rock of Ages" was sung. Mrs. E. C. Widdows presided at the organ. The pallbearers were F. H. Willis, C. W. Plumb, T. Lumsden, J. A. Scott, John Hoy and W. Moore. Interment was made in the family plot at Ross Bay Cemetery.

There passed away this morning at her home 1510 Blanshard Street, Mrs. Florence Bishop, age forty years. She was born in Michigan and had been a resident of this city for the last sixteen years. The late Mrs. Bishop is survived by her husband, who died at the same time, and a son, who is a resident in Seattle, and one brother. The remains are resting at the Sands Funeral Chapel and the time of the funeral will be announced later.

The death took place this morning at St. Joseph's Hospital of James Willis Post, aged one month and eleven days, son of Mr. and Mrs. James A. Post, of 2583 Graham Street. There survive his parents, one brother, his grandparents, Mr. and Mrs. Post, and his great-grandmother, Mrs. J. H. Post, and a great-grandfather, J. T. McIlmoy, all of this city. The funeral will take place on Friday, May 25, at 2 o'clock from the Sands Funeral Chapel, Rev. W. J. Sippell, and the little remains will be laid to rest in the family plot at Ross Bay Cemetery.

Services were held yesterday afternoon at the Sands Funeral Chapel over Miss Annie Holyoke, who died at the family residence, 536 Niagara Street, on May 16. Relatives and many friends were present, and the profession of beautiful flowers was sent to the home in which Miss Holyoke was held by her many friends. Rev. F. A. P. Chadwick officiated, and the hymns sung were "Abide with Me" and "Lead Kindly Light." W. B. Wilson, R. Wight, J. Collins, H. J. D. Crowthers, G. A. Noble, R. D. Noble and H. Bussey acted as pallbearers, and the remains were laid to rest in the Royal Oak Burial Park.

Many attended the funeral service yesterday afternoon over the remains of Benjamin Shotton, who passed away at the Royal Jubilee Hospital on May 18. Relatives and many friends were in attendance, and the service was conducted by the Rev. Dr. W. J. Sippell. The hymns sung were "Abide with Me" and "Lead Kindly Light." W. B. Wilson, R. Wight, J. Collins, H. J. D. Crowthers, G. A. Noble, R. D. Noble and H. Bussey acted as pallbearers, and the remains were laid to rest in the Royal Oak Burial Park.

## MINER KILLED AT NANAIMO

Nanaimo, May 23—Andrew Slater, a miner employed in the Reserve Mine of the Western Fuel Company, Nanaimo, was killed by a fall of rock shortly before noon to-day. The deceased was forty-seven years of age and is survived by his widow and five children who reside at 278 Needham Street, Nanaimo.

## City-Chamber To Confer on Rail Inter-switching

Friday at 3 p.m. is the date set for the joint conference between committees of the City Council and the Chamber of Commerce on the representations to be made to the Railway Board of Canada by the latter, on the inter-rail switching plan for linking up the tracks of the Canadian National and the Canadian Pacific on the Industrial Reserve. The industrial and works committees of the council will meet at 2 p.m. to discuss the plan and the special committee of the chamber to see if a unified plan can be endorsed.

## PAVE BLOCK ON DOUGLAS STREET

### Fort to View Street Section Will Be Started By City on Friday Morning

The paving of Douglas Street between Fort and View Streets, and including both intersections, will be commenced by the city engineer's department under F. M. Preston on Friday morning, after the cessation of the B.C. Day festival.

The strip between the street car rails will be done first, followed by the paving of one side of the block, and then the other. This way there will be little additional interference with traffic. City gangs will work in double shifts until the work is completed, stated Mr. Preston to-day.

At a further block on Douglas Street, between Johnson Street and Pandora Avenue, when the first block has been completed, and the second strip, as in the case of the Fort to View Street section.

The cost of Douglas Street paving outlined for this year will be in the neighborhood of \$10,000, to be borne out of general revenue. A request that the city proceed with the payment of the whole of the remaining wooden block sections on Douglas Street by the loan method was rejected by the City Council. The city is bound to some extent by the provisions of the electric traction company to prepare for the repaving by the placing of new rail strips. It is explained.

## MARQUESS OF ANGLESEY DUE

### Reached Coast in Private Car and Will Spend Several Days in Victoria

The Marquess of Anglesey, a heavy investor in Canadian properties, is expected in the city from Vancouver, where he arrived Monday in a private car over the Canadian Pacific Railway. It is understood he will spend several days here visiting friends and looking over investment possibilities.

His Lordship came west from Calgary where he has been inspecting the progress of drilling on his own oil well in the prairie city.

In British Columbia the Marquess is said to have considerable holdings near Kamloops.

A party of Chicagoans arriving in the city yesterday afternoon included Dr. David G. Trow, W. Trow, Miss Dorothy Dallas and R. M. Bock. They are staying at the Empress Hotel.

Other visitors staying at the Empress to-day are Dr. and Mrs. Thomas J. Lemon and Miss Ruth Lemon of San Francisco, and N. J. N. W. Jersey and Harold MacGraw of New York.

## ENGINEERING HEADS VISIT

### Local Practitioners Meet Leaders of Association at Conferences

F. J. Frew, consulting engineer of Vancouver and president of the Association of Professional Engineers of British Columbia, and Captain E. A. Wheatley, registrar of that organization, spent Monday and Tuesday in Victoria on official business.

On Monday they were in consultation with the local advisory committee of the organization.

Monday evening they held an open meeting of the local members of the Union Bank Building, when problems of the association were discussed. Mr. Frew and Mr. Wheatley pointed out that the Assayers' Act, which had been mentioned, was a Government measure and had the full support of the administration. The Engineering Association, on the other hand, was a private bill and had, at the beginning, met with much opposition, as a consequence of which it was amended so as to be totally ineffective. The most strenuous efforts of the council resulted in amendments only in 1927, which made it possible to take action against unqualified practitioners.

In the meantime some members of the profession became dissatisfied and withdrew active support. The efforts of the present council are directed towards securing the unanimous support of the profession as an essential preliminary to giving the public that service which was the prime motive of the organization. The work of the council along these lines, with all grades from the executive and consulting engineer to the college student, was explained in detail. The members present went away with a new realization of what is being done, and a renewed faith that the association will accomplish its object and be of great service to the engineers and the public at large.

On Tuesday the president and registrar were at home at the Empress Club to members of the association to discuss individual problems.

### MEET ENGINEERS

On Tuesday evening they met by invitation a number of employing engineers and further discussed the problem of the junior engineers. They explained the method by which young men are admitted to the profession. The graduate student, on application, is admitted as an engineer in training, and after two to four years' experience and the submission of a thesis, is registered as a professional engineer. The young employee of an engineering organization is admitted as a pupil, and after two years' service writes a preliminary examination. From two to four years later, if his service is satisfactory, he writes an intermediate examination and is admitted as an engineer in training. After a further period of from three to five years, depending on his progress, he is entitled to take the final examination and is admitted to practice.

## Epidemic Risk In Saanich Not Now Removable

Strong complaint as to insanitary conditions on Quadra Street, just outside the city boundary has been filed with the Saanich Council by Robert Dunn Jr. Effluent from nearby septic tanks creates dangers of an epidemic, declared Mr. Dunn.

A report from Medical Health Officer Dr. D. Berman and Sanitary Inspector G. G. Gilling presented to the health committee of the council last night, advised that nothing can be done to improve conditions until a sewerage disposal system is installed.

# STOCK MARKETS FINANCIAL NEWS - GRAIN MARKETS

## TO-DAY'S GRAIN MARKETS

(By Branson, Brown & Co. Ltd.)

Winnipeg, May 23.—Wheat: Market was decidedly strong again to-day with prices advancing from 2 to 2½ cents over yesterday's close. There were a few slight setbacks but the gains were held remarkably well. Most of the buying was by locals and commission houses based on apprehension that crop damage was taking place due to dry conditions over the Spring wheat belt both sides of the international border.

Tuesday was undoubtedly a trying day on the crop, with temperatures running from 80 to 90 throughout Western Canada and only a light shower in the Edmonton district. Around midday there was a fair volume of buying orders reaching the pit which was said to be for eastern account.

Export business overnight was very small and showed an improvement during the morning. The cash market was extremely dull, buyers backing away owing to the bulge in the futures and no export business. There was very little pressure on the cash market, large holders anticipating higher prices.

European markets continue bullish and crop conditions there are said to be about the same as in 1924, when they produced 500,000,000 bushels less than last year. Liverpool was stronger than expected, closing 1½ to 2½ higher. The Argentine strike is nearing a settlement which will permit larger shipments from that country. Deliveries 938,000 to clearing house, Winnipeg futures closed 1½ to 1½ higher.

Coarse grains: There was a fair domestic business in oats and a little export inquiry in the market. New York interests took a little barley which have been export business. Rye took its strength from wheat. Generally speaking, trade volume was not large.

## WHITNEY LETTER

New York, May 23 (By Branson, Brown & Co. Limited)—Whitney of the Wall Street financial bureau says to-day:

"The stand has been quite definitely taken and is adhered to, that what is being witnessed is simply a reaction in an uncompleted bull movement, a reaction which has plenty of excuse, such as every reaction has, but one which is, nevertheless, accompanied by too much which is artificial, unless practically all of the recognized authorities on the subject are wrong to a greater extent than they have ever been in their lives."

"Provided just a little intelligence is used in the selection of securities, I believe that to-day is the time to buy stocks, not simply to hold them. I do not believe that we are going to resume any marked advance immediately, but do believe that this phase of reaction has been completed, that the market will turn upward to-day, undoubtedly later on under a secondary reaction, and then under more normal volume and less volatile issues, continue its advance."

"Detroit interests who have been accumulating Briggs Body for many weeks, and who are now being met by the market reaction of the past two days to virtually complete accumulation, and yesterday cleaned the market up to the previous top of the year. The case of this issue is recommended at this time below the figure which thus far stands as the top for the year."

"Y.C. should be bought at once until it better 200. Missouri Pacific common should be acquired at this time within the range of 60-64 and definitely held. American Agricultural Chemical preferred should likewise be bought in anticipation of the recapitalization plan while it is available in the low 70s. U.S. Leather A had a record once, buy it, likewise Canadian Pacific."

ope, is still cold and wet and a cable says European weather is similar to, if not worse than 1924, when crops were extremely short. May first condition of wheat in Poland was 86 per cent of a five-year average. May first condition of wheat in Poland was 86 per cent of a five-year average. May first condition of wheat in Poland was 86 per cent of a five-year average.

Corn—On the usual basis of figuring industrial demand for corn in primary markets, the total visible supplies would be insufficient to meet the demand for the next three months, and corn being delivered on May contracts is the cheapest corn available. Under such conditions, progress demand is at the mercy of fresh country receipts, and we believe it will take higher prices to induce enough of a movement to supply it.

Oats—Small current receipts of country run oats are selling at steep premiums over oats for May delivery which even on the basis of to-day's advance are the cheapest oats available. The buying appeared to be by buyers who found it inconvenient to deliver or who could merchandise to better advantage.

Cash Grain: There was a fair domestic business in oats and a little export inquiry in the market. New York interests took a little barley which have been export business. Rye took its strength from wheat. Generally speaking, trade volume was not large.

## Wall Street To-day

(By B.C. Bond Corporation's Lease Wire)

New York, May 23.—The evening edition of The Wall Street Journal says:

"The market closed with a rush to trend, executing a sudden reversal of trend which advanced the averages of the industrials over three points. The opening was quite firm. Offerings were small as the day progressed. Traders who had gone short of the industrials became increasingly uneasy over their positions and puzzled at the sudden cessation of reported liquidation. As a matter of fact, the professional trading element began to doubt whether there had been any important actual liquidation during the past several days and appeared to think the decline had merely scraped the froth from the market, leaving the underbody stronger than had been supposed."

## WELLS AND DAMS

Australia has many large irrigation projects under way. There is a vast barren territory in Australia that artificial water can change into fruitful lands. Here an artesian well in Australia is shown. These wells are dug very deep and when water is struck it gushes up by its own force.

Thousands of acres in California are irrigated by ditches, supplied by dams. Here is a sluiceway in California.

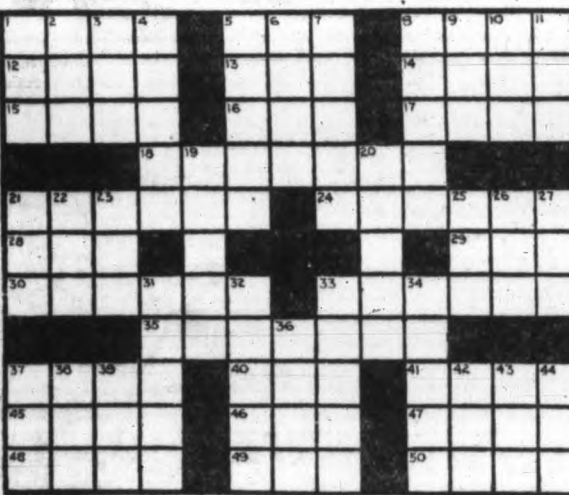

Sometimes the water is carried to the trenches in wooden troughs. Several ditches like this irrigate a western walnut orchard.

The chief food of the Filipinos is rice and most varieties require lots of water. Interesting ways of irrigating the rice fields are adopted. In Java rice is grown in terraced fields, like the one above, which are abundantly irrigated and form one of the wonders man has added to Nature. (Next: The Romance of Oil)

Solution of Yesterday's Puzzle

## To-morrow's Horoscope

THURSDAY, MAY 24, 1928

Conflicting planetary influences are strong to-day, according to astrology.

which reads benefic aspects as dominant.  
The early morning hours are auspicious for planning and for outlining courses of action.  
While the brain will be active and the vision clear, it is well not to put the test to any financial venture by soliciting loans from banks. This is a

forbidding day for business with banks.  
There is fair promise for those who seek employment, but they may have difficulty in finding just what they want.  
The evening is a good time for entertaining persons of importance. There is a favorable sign for banquets.

The seers prophesy that talking will become a prevalent vice which the radio encourages. They warn that it may be unfortunate for a presidential candidate.  
As the first day of June draws near the seers foretell a summer of variable weather, storms and extraordinary happenings.  
Astrologers prophesy the rise of more

dictators in the world and explain this because the people imagine dictators as representing a certain type of democracy.  
While dictators gain power in Europe new leaders are to be recognized here in this country. It is foretold. A new invention that will revolutionize the motion picture industry is prognosticated.

Mexico is to suffer from earthquakes as never before in its history, according to the seers.  
Children born on this day are supposed to be highly favored. Success and happiness are indicated for them. Persons whose birthday it is have the augury of a year of real prosperity.
